A. D. 1804. REGULATION II.

A REGULATION for altering the periods of the half yearly jail deliveries in the divisions of Calcutta, Moorshedabad, Patna, and Benares; and for providing a quarterly jail delivery in the zillahs of the Twenty-four Pargunnahs, Dacca Jelalpoore, and Moorshedabad.—PASSED by the Governor General in Council, on the 23d of February 1804; corresponding with the 13th Phaugun 1210 Bengal era; the 28th Phaugun 1211 Fusly; the 13th Phaugun 1211 Willaity; the 13th Phaugun 1860 Sumbut; and the 11th Zekaad 1218 Higeree.

B. BY Section III, Regulation III, 1797, the courts of circuit established in the provinces of Bengal, Behar, and Benares, have been directed to commence their circuits for the jail deliveries of the zillahs within their respective divisions, on the 1st March, and 1st October, of each year, except in the Dacca division; in which, from local circumstances, the commencement of the half yearly circuit is ordered to be on the 1st January, and 1st July. Under this rule, the intervals between the circuits, in the divisions of Calcutta, Moorshedabad, Patna, and Benares, being unequal, viz. seven months and five months; the prisoners committed for trial, in the several zillahs of those divisions, are liable to be kept in confinement, before they are brought to trial, for very unequal periods; and this inequality is further increased by the accumulation of trials in each zillah, during the longer interval; whereby also the business and duration of the two circuits are rendered altogether disproportionate; and in some instances the business of the second circuit has not been completed before the arrival of the period for the ensuing circuit. To provide, therefore, for the future commencement of the circuits in the above divisions at an equal, half yearly, period; as well as for a quarterly jail delivery in the zillahs of the Twenty-four Pargunnahs, Dacca Jelalpoore, and Moorshedabad, which are contiguous to the stations of the courts of circuit, in whose divisions these zillahs are situated; and also to make further provision for any future alteration which may be found necessary, or expedient, in the periods now fixed for holding the jail deliveries of the several zillahs and cities respectively; His Excellency the most Noble the Governor General in Council, has enacted the following Regulation, to take immediate effect in the province of Bengal; and to be in force, in the provinces of Behar, and Benares, after the completion of the first circuit, under the existing Regulations, for the current year, viz. from the 1st June in the former province, and from the 1st July in the latter. (*f*)

(*f*) Extended to Cuttack and the Pargunnahs of Puitespore, Kummardichour and Bograe, by Regulation XIII, of 1805, Section XIII, excepting certain parts which have been exempted from the operation of the general Regulations

A. D. 1804. REGULATION II.

Clause First, Section III, Regulation III, 1797, rescinded.

When the circuits for the Calcutta, Moorshedabad, Patna, and Benares divisions are to commence.

II. Clause first, of Section III, Regulation III, 1797, is hereby rescinded.

III. The circuits for the divisions of Calcutta, Moorshedabad, Patna, and Benares, shall hereafter commence at the following half yearly periods: which have been fixed with reference to the convenience of the judges, prosecutors, and witnesses, in the respective divisions:—

CALCUTTA DIVISION.

The first circuit to commence on the 1st April, the second on the 1st October.

MOORSHEDABAD DIVISION.

The first circuit to commence on the 1st March, the second on the 1st September.

PATNA DIVISION.

The first circuit to commence on the 1st June, the second on the 1st December.

BENARES DIVISION.

The first circuit to commence on the 1st January, the second on the 1st July.

IV. The jail deliveries of the Twenty-four Purgunnahs, zillah Dacca Jelalpore, and zillah Moorshedabad, instead of being held, as heretofore, before the judge who proceeds upon the half yearly circuit, and in the order prescribed by Section VI, Regulation III, 1798, shall hereafter be held quarterly, before the second or third judge, (or the fourth, where there may be a fourth judge,) who shall be present at the station of the court of circuit; or when more than one of the judges (exclusive of the senior judge) shall be present, before them alternately, in the months of March, June, September, and December, for the Twenty-four Purgunnahs, and zillah Dacca Jelalpore; and in the months of February, May, August, and November, for zillah Moorshedabad. The quarterly jail deliveries for zillahs Dacca Jelalpore, and Moorshedabad, are to be held, in the months above specified, immediately after the monthly jail delivery for the cities of Dacca and Moorshedabad, prescribed by Section II, Regulation II, 1799, the quarterly jail deliveries for the Twenty-four Purgunnahs, are to be held at the commencement of the months specified. But the whole of such quarterly jail deliveries, when there may be only one judge present at the station of the court of circuit and appeal, besides the senior judge, are to be held upon the days whereon the court of appeal may not sit; or in such manner as may occasion the least possible impediment to the business of that court. (g)

(g) Parts of this section as have reference to the jail deliveries of the Twenty-four Purgunnahs, or to the zillah of Moorshedabad, are rescinded by Regulation XI, of 1814, Section III, and Regulation I, of 1806, Section II, and the remainder, with exception of so much as relates to Dacca Jelalpore, modified. The Twenty-four Purgunnahs have been divided into two districts, one is called the "Suburbs of Calcutta," the other, the "Twenty-four Purgunnahs beyond the Suburbs of Calcutta." Their jail deliveries are held monthly. See Regulation XI, Section III, and Regulation XIV, both of 1814. The jail deliveries of Dacca Jelalpore, though required to be held quarterly by this section, the last enactment on the subject, are held half yearly, probably in consequence of the orders of the Nizamut Adawlut, under the authority granted to them by Section VIII, of this Regulation. The zillah of Moorshedabad is abolished, the mehals which composed it, have been partly annexed to the city of Moorshedabad and partly to the zillah of Beerbhoom. See Regulation I, of 1805, Section II. Each of the courts of circuit now consists of four judges instead of three; and by Regulations passed subsequently to this Regulation, separate sittings of the provincial courts of appeal have been authorized, to be held by one or more judges, for the dispatch of the business of those courts.

Jail deliveries of the 24-Purgunnahs, Dacca Jelalpore, and Moorshedabad zillah, to be held quarterly in future, before what judges and at what periods.

A. D. 1804. REGULATION II.

V. *If, in any instance, neither the second, third (or fourth) judge of the court of circuit should be present to hold the quarterly jail deliveries directed in the preceding section; or, if the second, third (or fourth) judge who may be present, should at any time be prevented by indisposition, or other cause, from holding the quarterly jail delivery at the regular period; and the senior judge of the court of circuit shall be present, the court of Nizamut Adawlut are empowered to authorize the senior judge, to hold the quarterly jail delivery at such period, as authorized, in similar cases, with respect to the monthly city jail deliveries, by Section III, Regulation II, 1799. (h)* It is further hereby explained, that the whole of the provisions contained in Sections II and III, Regulation II, 1799, were meant to be extended by Section IV, of that Regulation, to the jail deliveries of the city of Benares, which are consequently to be held monthly, in the mode prescribed by the above sections, instead of being held as directed by Sections XIX and XX, Regulation XVI, 1795; also, that if neither of the law officers attached to the court of circuit be present, or able to attend from indisposition or otherwise, at the time of holding the prescribed monthly or quarterly jail deliveries, the law officer attached to the court of the city or zillah, for which the jail delivery may be held, is to officiate for the law officer of the court of circuit, as provided, with regard to the circuit jail deliveries in general, by Section VIII, Regulation IV, 1797. VII. *First.* In consequence of the alteration made by this Regulation in the periods of the half yearly circuits for the division of Patna, the jail deliveries of the several zillahs in that division, will hereafter be held in the following order of succession; instead of that prescribed by Section VI, Regulation III, 1798.

VIII. Under Section VI, Regulation III, 1798, the court of Nizamut Adawlut are empowered to authorize occasional deviations from the order of succession, fixed by that Regulation for the jail deliveries of the several zillahs and cities, upon report being made to the court of any particular circumstances that may occur to render such deviations necessary. The court of Nizamut Adawlut are further hereby declared competent, with the sanction of the Governor General in Council, to authorize any special deviation, which may appear necessary, or expedient, from the rules prescribed in the present Regulation, for the periods of holding the several jail deliveries, whether monthly, quarterly, or half yearly, for the cities and zillahs respectively. *(k)*

(j) The whole of this Clause is rescinded by Regulation I, of 1806, Section IV, wherein see the order for holding the jail deliveries of the zillahs in the division of Calcutta.

(k) The provisions of this Section have been extended to the provisions of Regulation I, of 1806, by Section VI, of the same Regulation, as far as they relate to the jail deliveries mentioned in that Regulation. See also further rules in Section VII, of the same Regulation.

A. D. 1804. REGULATION III.

A REGULATION *for providing against resistance to the processes of the zillah criminal courts and police officers; as well as for compelling the appearance of persons charged with acts of a criminal nature, who may abscond, or otherwise evade the process issued against them: for rendering prosecutions instituted for the recovery of losses sustained by theft and robbery, cognizable in the courts of civil judicature; and for ascertaining the responsibility in such cases of tehseeldars of places held khaum: for amending certain parts of Regulation VI, 1803: for preventing the offence of dhurna: and for preventing the tribe of raujekoomars killing or causing the death of their female children; in the provinces ceded by the Nawaub Vizier to the Honorable the English East India Company.—PASSED by the Governor General in Council, on the 8th of March 1804; corresponding with the 27th Phaugun 1210 Bengal era; the 12th Cheyte 1211 Fusly; the 27th Phaugun 1211 Wilaiity; the 11th Cheyte 1861 Sumbut; and the 25th Zekaad 1218 Higerce.*

THE rules laid down in Regulation III, 1803, for punishment of resistance to the processes of the zillah civil courts, not having been extended to the criminal courts, nor any rule prescribed for compelling the appearance of persons charged with acts of a criminal nature, who may abscond or otherwise evade the processes issued against them; experience has shewn the necessity of a provision for these cases; both to maintain the just authority of the magistrates and police officers; and to prevent any evasion of their processes by flight, concealment, or otherwise. Prosecutions instituted under Regulation XXXV, 1803, against tehseeldars and landholders whose estates are huzzoory tehseel, to recover losses by theft or robbery, and by tehseeldars and huzzoory tehseel landholders against the landholders and farmers for indemnification, having been held to be cognizable in the magistrate's court, it has been judged expedient that such prosecutions should in future be filed and decided in the courts of civil jurisdiction. It has also been deemed necessary to obviate any doubt whether tehseeldars of places held khaum, are to be held answerable for losses by robbery and theft; and to amend certain parts of Regulation VI, 1803. It has further been judged expedient to adopt measures for preventing the illegal practice of sitting dhurnah; and for putting a stop to the inhuman custom, hitherto prevalent among the tribe of raujekoomars, in some parts of the ceded provinces, of causing their female infants to be starved to death. The Governor General in Council has therefore enacted the following rules; to be considered in force from the period of their promulgation. (1)

(1) Extended to the zillahs of Allyghur, to the zillahs, or Northern and Southern divisions of Saharunpore, to the zillah of Agra, and to the zillah of Bundelcund, by Regulation IX, of 1804; the operation commenced

A. D. 1804. REGULATION III.

Zillah magistrates how to proceed against persons resisting their processes.

II. First. If any person amenable to the authority of the magistrates or police officers, shall resist, or cause to be resisted, any warrant, order, or other process of any magistrate, or police officer, the magistrate of the zillah in which such resistance may have been made, on the same being charged on oath, shall, if practicable, cause the party accused to be apprehended, and brought before him to answer to the charge. If the party shall abscond or conceal himself so that he cannot be apprehended, or if, on any account, he cannot be immediately apprehended, the magistrate is to cause a written proclamation, in the Persian and Hindostanny languages, requiring the party to appear to answer the charge against him within a fixed period of time, not less than one month, to be publicly read and proclaimed by beat of drum, and to be affixed in some conspicuous part of his cutcherry, as well as on the outer door of the house in which the party may have usually dwelt, or some conspicuous place in the village in which he may have generally resided. (m) If the party charged as above cannot be apprehended, and shall not, within the period fixed by proclamation, appear to answer the charge against him; or if he shall be apprehended or shall appear in pursuance of the proclamation, and after receiving his answer to the charge, and hearing the evidence he may adduce in his defence, it shall be proved to the satisfaction of the magistrate that he is guilty of the charge; the magistrate is to pass judgment against him in the following manner.

Judgment to be passed against persons convicted of such resistance.

If a proprietor of land paying revenue to government, or of lakheraje land.

Second. If the offender be a zemindar, talookdar, or other proprietor of land paying revenue to government; or the proprietor of altumgah, aymah, or other lands exempt from revenue, situated within the zillah in which the resistance was made; and the case shall not come under the rule provided in clause fifth of this section; the magistrate shall declare such lands to be forfeited to government; and, by a precept under his official seal and signature, shall immediately give notice to the collector of the district; who, on receipt thereof, shall cause the lands in question to be attached on the part of government, and shall hold them in attachment till the receipt of a further precept from the magistrate to relinquish them, or of orders from the Governor General in Council, to be communicated to him in the manner hereafter directed.

If a sudder farmer holding a farm from government.

Third. If the offender be a sudder farmer holding a farm from government within the zillah in which the resistance may have been made; and the case shall not come under the rule provided in Clause Fifth of this Section; the judgment

in all those zillahs, except Bundelcund, from the 30th December, 1803, and in the latter, from the 16th December, 1803, subject to the exceptions taken by Regulation IX, of 1804, Section XI. The dates above mentioned prescribed for the operation of this Regulation in the several zillahs aforesaid, are not to affect, or to extend, to certain Purgunnahs separated from the zillahs of Moradabad and Etawnh, and annexed to the zillah of Allyghur. Extended also to the Purgunnahs of Sonk, Soosa and Sahar, (annexed to the zillah of Agra) by Regulation XII, of 1806, Section III; the operation commenced from the 17th April, 1805.

against him shall declare his lease cancelled; and the magistrate, by a precept under his official seal and signature, shall immediately give notice to the collector of the district, who, on receipt thereof, shall proceed as above required with respect to lands declared forfeited to government.

Fourth. If the offender be not a proprietor of land or sudder farmer paying revenue to government, as described in the two foregoing clauses, the judgment against him shall declare him liable to the payment of such fine to government as may appear proper, upon a consideration of his rank and circumstances in life and the offence of which he may be convicted; and the magistrate shall immediately proceed to the attachment of any property appertaining to the offender for the recovery of the same, in the manner authorized by the Regulations for the recovery of sums of money decreed by the civil courts of justice. In cases where in the offender may have been apprehended, and may not be possessed of property adequate to the discharge of the fine adjudged against him, the magistrate, with the concurrence of the Nizamut Adawlut, may commute such fine to imprisonment or corporal punishment.

Fifth. In cases of resistance to the process of a magistrate or a police officer, not attended with aggravating circumstances, wherein the magistrate before whom the charge may be tried shall judge it sufficient to inflict the punishment which he is authorized to inflict for petty offences, under Section VIII, Regulation VI, 1803, it shall not be necessary to transmit his proceedings for the consideration of the Nizamut Adawlut, as required by Clause Sixth of this Section; but the judgment of the magistrate shall be executed, in such cases, without reference to the Nizamut Adawlut; subject to the general rule contained in Section XVII, Regulation VI, 1803, whereby the judgments of the several magistrates are liable to revision by the court of circuit: and if appearing to have been passed upon insufficient grounds, to be altered or reversed by the court of Nizamut Adawlut. In the execution of this rule, the judges of the court of circuit, to whom the original proceedings of the magistrates are submitted at the successive jail deliveries, are expected to examine with attention the proceedings of the magistrate in any case where in a petition of complaint may be preferred to them at the jail delivery next after the magistrate's decision upon the case; and to make the report directed by the above Section to the court of Nizamut Adawlut, if the circumstances of the case shall appear to require it; or, if otherwise, to inform the party complaining by a written order upon his petition. (n)

Sixth. Provided always, that the whole of the judgments passed by the magistrates under this Regulation, (with an exception to the judgments passed

Magistrates may inflict punishment in certain cases of resistance, without the reference required in Clause Sixth.

In such cases the judges of the court of circuit are to examine the proceedings of the magistrates with attention, and report thereon.

under the preceding clause) be immediately reported, with a complete copy of their proceedings, to the court of Nizamut Adawlut, and the orders of that court be received, under the following section, before the judgment passed by a magistrate under this Regulation, be considered final and conclusive.

III. The Nizamut Adawlut, on the receipt of the proceedings above referred to, are to pass such order thereupon as they may think proper, on due consideration of the evidence and all the circumstances of the case; and in all instances wherein the forfeiture of the offender's lands or lease may appear to them too severe a punishment for the offence, they are authorized to commute the same for such fine to government as they may judge adequate, and order the attachment of the lands to be taken off on the payment thereof. The sentence of the Nizamut Adawlut is to be final in all cases of fine, imprisonment, and corporal punishment; but in case they shall confirm the judgment of the magistrate for a forfeiture of the offender's land or lease, they are, previously to ordering such sentence to be carried into execution, to transmit their proceedings, with those of the magistrate, accompanied by an English translation of such proceedings, to the Governor General in Council, who will finally determine, whether the sentence of forfeiture shall be put in force, or commuted to a fine, or otherwise; and who, whenever he may order the land or lease of the offender to be forfeited to government, will, at the same time, cause the necessary instructions for the future disposal of the land to be conveyed to the collector through the Board of Revenue. In case the magistrate's judgment of forfeiture be set aside, either by the Nizamut Adawlut, or the Governor General in Council, he is immediately, on being informed thereof, and on receipt of the fine, (if a fine be ordered) to issue a precept to the collector, requiring him to remove the attachment, and to cause a full and fair account to be rendered of all receipts and disbursements during the period of attachment.

Magistrates how to proceed against persons who may evade their processes by flight or concealment.

IV. *First.* If any person, charged with an offence of a criminal nature, shall abscond, or conceal himself, so that upon a process issued against him by a magistrate or police officer he cannot be found, the magistrate is to cause a written proclamation, (in the Persian and Hindostanny languages) requiring the absent party to appear to answer the charge against him within a fixed period of time, not less than one month, to be publicly read and proclaimed by beat of drum; and shall cause such proclamation to be affixed in some conspicuous part of his cutcherry; as well as on the outer door of the house in which the party may have usually dwelt; or some conspicuous place in the village in which he may have generally resided. (c) In case the party shall not appear and deliver himself up within the period fixed by such proclamation, the magistrate, on receiving the nazir's return to this effect, is to order the attachment of any land or other real property held by the absentee within his jurisdiction, in the following manner.

Lands or other real property to be attached upon non attendance after proclamation.

(c) See the Circular Orders of the Nizamut Adawlut, second Edition, Page 90, No. 4, head PROCLAMATIONS.

Second.

A. D. 1804. REGULATION III.

Second. If the absentee be a proprietor of land, or sudder farmer paying revenue to government, he is to issue a precept, under his official seal and signature, to the collector of the district, requiring him to hold the land or farm of the absentee in attachment, till the receipt of further notice; and the collector is accordingly to obey such requisition, and to take such measures as may be necessary for the due care and management of the lands whilst under his charge, subject to the instructions of the Board of Revenue, to whom he is to make an immediate report of any instances of land being delivered over to him under this Regulation. He is also to relinquish such lands, on being advised by the magistrate that the attachment has been taken off, on the attendance of the absentee; and is to cause a full and fair account to be rendered of all receipts and disbursements during the period of attachment.

Attachment in what manner to be made, if the absentee be a proprietor or farmer of land paying revenue to government.

Third. If the absentee be not a proprietor or farmer of land paying revenue to government, but, as a dependent talookdar, under-farmer, or ryot, or in any other capacity whatever, be the tenant of landed property capable of attachment, the magistrate is to issue a precept to the collector of the district, directing him to attach the same, and adopt the necessary measures for the due care and management of it whilst under his charge; paying from the product any rent which may become due to the zemindar or other person entitled thereto; and deducting all necessary expenses in the account to be rendered to the absentee, whenever he may attend, and the attachment of his property be removed.

Or, if the absentee be not of the above descriptions.

Fourth. In all instances wherein an attachment of property may be ordered, under the foregoing rule, the magistrate, immediately on the attendance of the party for whose appearance it was ordered, is to direct, by a written precept, that the attachment be removed, and that a full and fair account be rendered of all receipts and disbursements during the period of attachment.

Attachment to be taken off on attendance of the absentee, and an account rendered of receipts and disbursements.

Fifth. Should the absentee neglect to attend for a period of six months after the lands have been ordered under attachment, the magistrate is to report the case to the Governor General in Council, who will pass such order upon it, and upon the future disposal of the lands, as he may judge proper.

Report to be made to the Governor General in Council, in case the absentee shall not attend within six months after the attachment of his lands.

V. The rules contained in Section II, of this Regulation, shall not restrict the magistrates from admitting to bail persons charged with resistance to a warrant, order, or other process of a magistrate or police officer, in cases not attended with aggravating circumstances, or in any case when the magistrate, upon receipt of the charge, or in the course of his enquiry respecting it, or after he shall have passed judgment upon it, during the reference required to be made to the Nizamut Adawlut, may judge proper to admit the defendant to bail. On the contrary, as resistance of process is not included in the specification of crimes declared not bailable by Section VII, Regulation VI, 1803; and as the penalty

On the contrary, if it shall appear to the magistrate, that the crime or misdemeanor was actually committed, and that there are grounds for suspecting the prisoner or prisoners to have been concerned therein as principals or accomplices, the magistrate shall cause him or them to be committed to prison, or held to bail, (according as in his discretion he shall judge proper) to take his or their trial at the next session of the court of circuit; and shall bind over the complainant to appear and carry on the prosecution, and the witnesses to attend and give their evidence, in the manner required by Section V of the Regulation above-mentioned.

court of circuit for the bringing forward and conducting trials in Regulations VI and VII, 1803. The court of circuit, on being satisfied that the proclamation directed in Section IX of this Regulation has been duly made in the police jurisdiction in which the offence may be alleged to have been committed, are to proceed to examine the evidence for the prosecution, and after the evidence is closed, shall transmit it to their sudder station. On the receipt of the evidence, the judges present at the sudder station shall refer it to the pundit of the provincial court of appeal, who is hereby authorized and required to deliver, in writing, the bebustah or exposition of the law of the Shaster, as to whether the facts contained in the evidence amount to proof of the prisoner or prisoners having committed dhurnah; and in the event of such bebustah being in the affirmative, the said judges, if present, shall sentence the prisoner or prisoners to forfeit all title to the right or claim for the realization of which the misdemeanor shall have been committed, and to pay a fine to government proportioned to the situation and circumstances in life of the prisoner or prisoners; provided that the amount shall not exceed, in any case, the sum of one thousand sicca rupees; and also in instances attended with great aggravation, to be confined in the jail of the civil court for a period not exceeding one year; and shall issue their warrant to the magistrate, in whose custody the prisoner or prisoners may be detained, to carry the sentence into execution without reference or delay.

Second. In the event of the bebustah, which the pundit is required to deliver by the foregoing clause, not stating the circumstances sworn to in the evidence to amount to the offence of dhurnah; and the court of circuit shall nevertheless be of opinion, from the evidence before them, that the prisoner did in fact commit dhurnah, according to the common construction and received meaning of that term, although the act may not have been attended with all the circumstances that may be legally required to constitute dhurnah, according to the description of it in the books of the Hindoos; the said court, under such circumstances, are to take from the prisoner or prisoners a mochulka or engagement conditioning, that if such prisoner or prisoners shall again sit dhurnah on any one, or perform any act of a nature so similar to dhurnah, as shall, on their being prosecuted before the court of circuit, be deemed by the judges of the said court present at the trial, or the majority of them, equivalent or tantamount to dhurnah, the said prisoner or prisoners shall respectively, for such second offence, suffer the full penalty of dhurnah, as described in the foregoing clause, and by being made to forfeit all right and title to the claim in question.

Third. The pundit of the court of appeal, in delivering the bebustah required from him, under the present Regulation, (as to whether the facts established by the evidence against the prisoner amount to proof of his having committed dhurnah) is not to consider himself restricted to the exact definition of dhurnah in the Shaster; but is to regard the common construction of that term and practice, and the circumstances generally understood to denote it, whether described in the Shaster under the technical

technical denominations of dherm, bebhar, chullona, achrit, or any other mode of duresse practised by individuals, without authority from the magistrate, for the recovery or extortion of money, such as is evidently meant to be prohibited and punished by Sections IX and X of this Regulation.

XI. Immediately on the receipt of this Regulation, the several magistrates shall issue a proclamation throughout their respective jurisdictions, prohibiting the inhuman practice, hitherto prevalent among the tribe of raujekoomars, of causing their female infants to be starved to death; and declaring, that if any raujekoomar, after the publication of the proclamation, shall designedly prove the cause of the death of his female child, by prohibiting its receiving nourishment, or in any other manner, such raujekoomar will be liable to be tried in the manner directed by Regulations VII, and VIII, 1803, with respect to other cases of murder. It is now accordingly ordained, that from the publication of the proclamation above directed, if any raujekoomar shall designedly prove the cause of the death of his female child, by prohibiting its receiving nourishment, or in any other manner, the magistrate, on receiving information thereof, upon oath, or such other information or proof as he shall deem sufficient to render the charge highly probable, shall cause such raujekoomar to be apprehended in the manner prescribed, and make the enquiry ordered, in Section V, Regulation VI, 1803; (t) when, if it shall appear to the magistrate, that the crime has been actually committed, and that there are grounds for suspecting the prisoner to have been concerned in the perpetration of it, the magistrate shall cause him to be committed to prison to be tried before the court of circuit; and shall, at the same time, take all the other precautions required in the section and Regulation above quoted, relative to securing the attendance of the original complainant or informant, and of the witnesses; and the prisoner shall be tried accordingly, in the manner directed in Regulations VII, and VIII, 1803, with respect to other cases of murder. A. D. 1804 REGULATION V.

A REGULATION to provide for the appointment and removal of the native officers of Government in the Judicial, Revenue, and Commercial Departments; and in the Departments of Salt, Opium, and Customs; also to make further provision for administering the Oath prescribed by the Statute 33, Geo. III. Cap. 52.—PASSED by the Governor General in Council, on the 16th of August 1804; corresponding with the 2d Bhadoon 1211 Bengal era; the 25th Sawun 1211 Fusly; the 2d Bhadoon 1211 Willaity; the 10th Sawun 1861 Sumbut; and the 9th Jemaud-ul-azoul 1219 Higeree.

FOR the purpose of ensuring a faithful, diligent, and able discharge of the important duties assigned to the native officers who are employed on the part of government, in the several public offices of the judicial, revenue, and commercial departments, and in the departments of salt, opium, and customs, it is essential that those officers (with an exception of the naib nazirs, mirdahs, peons, and burkundazes, and similar descriptions of public servants who are nominated, and removed upon sufficient cause, by their immediate superiors, under the responsibility of the latter for their good conduct) should be secured in the possession of their respective offices, whilst they discharge the duties assigned to them with diligence, ability, and integrity; that the persons appointed to fill all vacancies in such offices should be selected with due regard to their characters and qualifications; and that they should not be liable to removal from their appointments without proof of their incapacity or misconduct. These objects have been in part provided for by the rules in force concerning the appointment and removal of the law officers of the courts of justice; the cauzy-ul-cuzzaut, and cauzies of the towns, cities, and pergunnahs; and the native officers appointed to keep the records of the courts of judicature, civil and criminal, as well as the keepers of the revenue records in the several collectorships; the whole of whom are appointed by the Governor General in Council, and are not removable without sufficient cause, established to his satisfaction. The principal native officers employed in the police are also, under the existing Regulations, not liable to be removed from their stations without proof of incapacity or misconduct to the satisfaction of the Governor General in Council; and the native commissioners, for the trial and decision of civil causes to a small amount, who are appointed with the approbation of the court of Sudder Dewanny Adawlut, are not removable, during the period of their commissions, without sufficient cause proved to the satisfaction of that court. The zillah khazanchies or native cash-keepers under the collectors, are in like manner, required to be appointed

A. D. 1804. REGULATION V.

ed with the approbation of the Board of Revenue, and are declared not to be removable, except for misconduct or other sufficient cause proved to the satisfaction of that Board. But in other instances, it is not required by the existing Regulations that the sanction of the Governor General in Council, or the approbation of the Sudder Dewanny Adawlut, and Nizamut Adawlut, or of the Boards of Revenue, and Trade, be obtained to the appointment of the native officers employed on the part of government in the judicial, revenue, and commercial departments, or in the departments of salt, opium, and customs, nor has any general provision been made for securing the continuance of such officers in their respective situations, whilst they perform the duties assigned to them with attention and fidelity. His Excellency the Most Noble the Governor General in Council, has therefore enacted the following further rules, to be in immediate force within the provinces of Bengal, Behar, and Orissa, (including Cuttack,) the province of Benares, and the provinces ceded by the Nawaub Vizier. (a)

Section II, Regulation XIII, 1793, and Section II, Regulation XII, 1803, rescinded in part.

II. Such parts of Section II, Regulation XIII, 1793, (extended to Benares by Regulation XII, 1795,) and of Section II, Regulation XII, 1803, for the provinces ceded by the Nawaub Vizier, as authorize the courts of civil and criminal judicature to appoint their respective native officers, (excepting the naibs of the nazirs, the mirdabs, and the peons,) and to remove such officers for incapacity, misconduct, or other cause that may appear to them sufficient, are hereby rescinded.

Section XIII, Regulation II, 1793, and Section XIII, Regulation V, 1795, rescinded in part.

III. Such parts of Section XIII, Regulation II, 1793, and Section XIII, Regulation V, 1795, as declare the appointment and dismissal of native public servants on the establishments of the collectorships (the keepers of the records and the khazanchies excepted) to be vested in the collectors of the revenue, are also hereby rescinded.

(a) *Construction by the Sudder Dewanny Adawlut, 1st August, 1817.*—The provisions of this Regulation are applicable to English writers, natives of India, and that their appointments and removals ought to be reported accordingly. — Extended to the conquered provinces situated within the Doonb and on the right bank of the river Jumna, and to the territories ceded in Bundelcund by the Peishwa, by Regulation VIII, of 1805, Section XV; and particularly to the native officers employed in the mint at Furruckabad, as far as relates to the appointment and removal of native officers, by Regulation XI, of 1805, Section IV. Extended also to the Purgannahs of Sonk, Sonsa and Sahar, at present annexed to the zillah of Agra, by Regulation XII, of 1806, Section III. — See the Circular Orders of the Sudder Dewanny Adawlut, Second Edition, Pages 23, 24, and 25, Nos. 1, 2, and 5, Head—NATIVE OFFICERS AND PLEADERS, which require the judges of the several courts of judicature to furnish the collectors of land revenue of their respective districts, on the 1st of January of each year, a statement of the lands held by their respective native officers, and to suspend openly in their respective cutcherries, a list of their native officers, specifying their names, salaries, and official designation. By Regulation XXI, of 1814, the creditor, or creditors, or the relatives or dependents of such creditor, or creditors, of any zillah or city judge or magistrate, of any collector of the land revenue or customs, or of any agent for the provision of salt or opium, shall not be appointed to any official situation on the establishment of the person whose creditor or creditors, or the relatives or dependents of such, he or they may be; and the Boards of Revenue and Trade, the Commissioner in Behar and Benares, the Board of Commissioners, and the courts of appeal and circuit, on receiving the reports prescribed by this Regulation, and Regulation VIII, of 1809, to satisfy themselves fully that the natives recommended to fill any vacancies on the establishment of the European officers acting under their control respectively, are not the creditors of the latter. The commercial residents and agents are exempted from the effect of Regulation XXI, of 1814.

A. D. 1804. REGULATION V.

IV. The head ministerial native officers, who are now, or may be hereafter, employed in the courts of Sudder Dewanny Adawlut and Nizamut Adawlut, the provincial courts of appeal and circuit, the zillah and city civil courts, and the courts of the magistrates in the several zillahs and cities, the head native officers who are now or may be hereafter employed under the secretary to the Board of Revenue, or the collectors of the revenue, and the head native officers, who are now or may be hereafter employed, under the secretary to the Board of Trade, the commercial residents, or agents, the agents for the provision of salt and opium, or the collectors of the customs, shall not be removed from their respective offices without the sanction of the Governor General in Council. The police officers of the zillah and city criminal courts, and the jailors and subordinate officers of the criminal jails, are to be appointed, removed, or suspended, by the magistrates of those courts, without reference to other authority. Report to be made to government in the event of vacancies through death or otherwise.

VII. The courts of Sudder Dewanny Adawlut and Nizamut Adawlut, and the Boards of Revenue and Trade, in submitting any such reports from the officers in their respective departments to the Governor General in Council, shall add whether they are aware of any objections to the proposed appointment; and the Governor General in Council on the receipt of such reports, or after calling for any further information that may appear necessary, will either confirm the person nominated to fill the vacant office, or will direct that a further nomination be made for his approval.

Power reserved to the Governor General in Council of extending Sections V, VI, VII, VIII, and IX, of this Regulation to any other native officers in the departments specified, for whose removal and appointment he may judge the sanction of government necessary; in the mean time the following rules to be observed.

Nazirs of the courts of judicature allowed to appoint certain public servants employed under them, and to fill up vacancies subject to the approbation of the judges and magistrates, and to the responsibility prescribed by Section II, Regulation XIII, 1793, and Section II, Regulation XII, 1803. They may also remove such servants on stating sufficient cause to the satisfaction of the judge or magistrate: but not without his previous knowledge and sanction; police darogahs and other police officers also empowered to nominate and remove similar public servants subordinate to them under the same restrictions.

They may also, as hitherto, remove the persons so appointed by them, provided they can state sufficient cause to the satisfaction of the judge and magistrate; but not without his previous knowledge and sanction. XIII. The principle of the foregoing section shall be equally applicable to the naib nazirs, the mirdahs, peons, jemmadars, and burkundazes, or any similar descriptions of public servants employed in the revenue and commercial departments, or in the departments of salt, opium, and customs; and shall be observed accordingly in the whole of the public offices which are now established or may be hereafter constituted, in these departments respectively. After such period, the goods covered by the said rowannahs, in the event of their being brought or moved within the limits of the chokies of any of the custom-houses established by this Regulation within the ceded and conquered provinces, shall be again subject to the established duties, in the same manner as if the duties on such goods had never been paid.

The detention of the goods for this purpose shall never exceed one day. The collector, after having made the necessary examination, shall, if the goods correspond with the rowannah, certify the same upon the back of the rowannah. If the collector shall find, that the merchant has taken up more goods, or any other goods in addition to those specified in the rowannah, the whole of the goods shall be liable to confiscation. If the collector shall have reason to believe, that goods superior in value to the value specified in the rowannah are attempted to be passed, under such rowannah, he shall cause a part of the goods to be opened and examined in the public catcherry, in his own presence; and, if any such fraud shall be discovered, the collector shall levy double duties and double commission on the real value of the goods composing the whole dispatch.

XXVIII. First. Should a merchant be desirous of dividing a dispatch of goods into smaller quantities, after having taken out one rowannah for the whole, he shall be entitled, at any of the custom houses, to as many rowannahs as he may require, free of duty, on identifying the goods and surrendering the original rowannah: but a merchant, after arriving at the place of his destination, shall not be entitled to a new rowannah, free of customs, on the ground of his having transported only a part of a dispatch of goods under the original rowannah.

Merchants entitled to exchange rowannahs, on certain conditions.

Second. It is declared, by Clause First, Section XXVII, that a rowannah shall be considered to be in force for one year only. Should a merchant, however, be desirous of removing his goods from the place to which they may have been carried, under the original rowannah, after the expiration of one year, he shall be entitled to an exchange rowannah for another year, at any of the established custom-houses,

The same Regulations also provide for levying a duty upon the exportation of salt, from the ceded or conquered provinces, into the territory of any foreign state. It is likewise declared, in Section IV, Regulation VI, 1804, that provision will be hereafter made for levying a duty on the importation of foreign salt into the conquered provinces on the right bank of the Jumna. The following rules are now enacted.

Parts of Regulations VI and VII, 1804, rescinded, from the commencement of the year 1213 Fusly.

Second. Such parts of Section IV, Regulation VI, and Section II, Regulation VII, 1804, as provide for levying a duty on the importation of foreign alimentary salt into the ceded provinces, or into the conquered provinces in the Dooab, from the zillahs situated on the right bank of the river Jumna, shall be rescinded; and the rule prescribed by the following clause shall be substituted in lieu thereof, from and after the commencement of the year 1213 Fusly.

The collection of such duties in the conquered provinces was, at the same time, entrusted to the officers employed in the collection of the land revenue in the said provinces. It is now declared, that the duties to be levied on the importation and exportation of salt, in the ceded and conquered provinces, under the rules prescribed by Regulations VI and VII, 1804, and by Section XXXV, of this Regulation, shall be considered as forming a part of the government customs. Such duties shall accordingly be levied by the collectors of the government customs, and their respective deputies, in the ceded and conquered provinces; subject to the several provisions of this Regulation, as far as they may be applicable to the same.

XXXVII. The collectors of the government customs established by this Regulation, and of the duties on salt established by Regulations VI and VII, 1804, who are not also collectors of the land revenue, are authorized to levy, for their own benefit, a commission of five per cent on the amount of the duties collected by them, and by their respective deputies, under this Regulation and the Regulations abovementioned. The collectors of the customs and duties aforesaid, who likewise hold the office of collector of the land revenue, are also authorized to levy a commission of five per cent on the amount of all duties collected by them and by their respective deputies. The collectors of the government customs, of the description last mentioned, shall, however, only appropriate to their own benefit a moiety of such commission, carrying the residue to the credit of government in their accounts. The deputy collectors of the government customs shall not be entitled to a participation in the commission, or in the produce of confiscated goods, authorized by this Regulation.

All goods and articles of trade, subject to the payment of government duties, under this Regulation, on being exported from the conquered provinces in the Dooab, or on the right bank of the river Jumna, into the city and territory abovementioned, shall be subject to the same rules regarding duties, as are prescribed, by this Regulation, on the exportation of goods to the territory of any foreign state. In like manner, all goods and articles of trade, imported into the conquered provinces in the Dooab, or on the right bank of the river Jumna, from the city and territory abovementioned, which may be liable to the payment of government customs, under this Regulation, shall be subject to the same rules regarding duties, as are prescribed, by this Regulation, on the importation of goods from the territory of any foreign state. A. D. 1804. REGULATION XI.

XLI. The collectors of the government customs, and their officers of every description, shall be considered amenable to the courts of judicature, for all acts done by them, which may be repugnant to this Regulation, or to any other Regulation, for the collection of the government customs in the ceded and conquered provinces, which shall be enacted, and printed and published, in the manner prescribed by Regulation I, 1803; and, if any person shall deem himself aggrieved, under this or any other Regulation, for the collection of the government customs in the said provinces, by any act of a collector, or of any of his officers, done in conformity to the orders of the Governor General in Council, or of the Board of Trade, such person will be at liberty to sue for redress, under the rules contained in Regulation II, 1803, or such other Regulations as may be applicable to the case.

Cases in which the collectors of government customs are to defend suits instituted against them for a breach of the Regulations at their own risk.

XLIII. The collectors shall be at liberty to take upon themselves the defence of any suit which may be instituted against their officers; but, in such cases, the collectors shall be answerable for the decree of the court, in the same manner as if the suit had been originally instituted against themselves.

Collectors may take up on themselves the defence of suits instituted against their officers.

XLIV. When written process shall be issued by a court of civil judicature to a collector of the government customs, the judge, or the register to the court, shall transmit the same, under a sealed cover, addressed to the collector, in the form of a letter, and superscribed with his name and official appellation. XLV. In instances in which the Board of Trade shall approve of a decision given against a collector, or any of his officers, in a suit in which such collector, or his officers, may have been engaged in their official capacity, and which may not have been prosecuted or defended by them, pursuant to orders from that Board, or the Governor General in Council, the Board of Trade are empowered to hold the collector, or his officer, by whom the act complained of may have been done, responsible for the whole or any part of the costs and damages awarded by the decree, or of the decree itself, if, upon a consideration of the merits of the case, and of the conduct of the person against whom the decree may be given, or the act complained of may have been done, they shall be of opinion, that the government ought not to be charged with all or any part of such costs, damages, or decree. But, in such cases, the person whom the Board of Trade may so determine

This rule, however, shall not extend to suits in which a collector, who may have been removed, shall have been engaged, in consequence of orders from the Board of Trade or the Governor General in Council. The judges of the said courts are accordingly required to receive all plaints preferred on account of such exactions; to hear and determine the same within ten days from the date of filing the plaint, or as soon afterwards as the attendance of the necessary evidence shall admit; and, on proof, to decree a refund of the amount exacted, with damages equal to double the amount, besides all necessary costs incurred by the plaintiff in the prosecution, as well as a heavy fine to government, proportionate to the circumstances of the offender. The decree, in such cases, shall be enforced in the courts of adawlut by the process prescribed in other cases; and, if the property of the offender (which shall be applied in the first instance to make good the damages and costs adjudged to the party injured) shall, in any instance, be insufficient to make good the fine to government, the courts are empowered to commute the fine to imprisonment for such period, not exceeding six months, as, on consideration of the circumstances of the case, shall appear to them adequate to the offence.

A. D. 1805. REGULATION I.^o

A REGULATION for empowering the court of *Sudder Dewanny Adawlut* to hear and determine appeals from the decisions of the courts of civil justice, established under the authority of the British Government, at *Chandernagore* and *Chinsurah*.—
PASSED by the Governor General in Council, on the 14th February 1805; corresponding with the 4th *Phaugun* 1211 *Bengal* era; the 1st *Phaugun* 1212 *Fusly*; the 4th *Phaugun* 1212 *Willaity*; the 1st *Phaugun* 1861 *Sumbut*; and the 13th *Zeekand* 1219 *Higeree*.

SINCE the capture of the French settlement of *Chandernagore*, on the 11th June 1793, and of the Dutch settlement of *Chinsurah* on the 27th July 1795, courts of judicature for the administration of civil justice have been established at each of those settlements, under the authority of the British government. At *Chandernagore* two civil courts have been constituted, the *cutcherry*, or native court; and the tribunal, or European court. The deputy superintendent, and occasionally the assistant *zemindar* (also called the assistant *jemadar*) presides in the *cutcherry*; wherein all causes between native parties, or in which a native of India may be the defendant, are heard and decided in the first instance; subject to appeal, in every case, to the European court. The superintendent is judge of the latter court, and is assisted by the deputy superintendent, as well as by an officer denominated the “*Commissaire du Roy*,” whose duty it is to deliver his opinion, or “conclusions” on the whole proceedings and merits of the case, before a definitive sentence is given by the judge. This tribunal besides hearing and determining (after taking further evidence, if it appear necessary) all appeals from the native court, also receives and decides, in the first instance, all suits between Europeans, or in which the defendant may be an European, subject to its jurisdiction. But previously to the war between France and Great Britain, an appeal from the sentences of the European court was open to a superior court of appeal at *Pondicherry*; and during the subjection of *Chandernagore* to the British authority, the Governor General in Council has both reserved to himself a power of deciding upon points or cases referred to him by the superintendent, and has also heard and determined, appeals from judgments passed by the superintendent in his judicial capacity. At *Chinsurah*, three civil courts have been established; viz. the *cutcherry*, or *zemindar's* court; a court of appeal from decisions passed in the *cutcherry*; and an European court. The *cutcherry* is superintended by the deputy commissioner and has cognizance of all suits between natives, or

* This Regulation is not in force in consequence of the Settlements of *Chandernagore* and *Chinsurah* having been restored to the French and Dutch.

A. D. 1805. REGULATION I.

In which a native may be the defendant. The commissioner presides as judge in the court of appeal, and hears appeals in all cases from the judgments of his deputy; but does not take new evidence; referring the cause back for further trial, if requisite, in the cutcherry. The commissioner is also judge of the European court, assisted by the fiscal, who records his opinion on every matter before the court, previously to a decision or order upon it. In this court all suits between Europeans, or in which Europeans subject to its jurisdiction may be defendants, are tried in the first instance; and the appeal, which before the war with Holland lay from all decrees of the European court to a superior court at Batavia, has been since allowed to the Governor General in Council, from the judgments of the commissioner, in the same manner as at Chandernagore. The late renewal of war between Great Britain, France, and Holland, rendering it uncertain how long the settlements of Chandernagore and Chinsurah, may remain under the authority of the British government, and the Governor General in Council being desirous that the inhabitants of those settlements, whilst they continue under British protection, should, as far as circumstances admit, enjoy the benefit of the same provisions as have been made for administering the judicial functions of the government, throughout the Company's provinces, by the means of courts of justice distinct from the legislative and executive authority of the state, he has resolved to empower the court of Sudder Dewanny Adawlut, established at the presidency, to hear and determine appeals from the decisions of the European courts at Chandernagore and Chinsurah, in all suits instituted, heard, and determined in those courts, in the first instance; as well as a further appeal in causes originally tried in the cutcherry, and heard in appeal before the superintendant at Chandernagore, or commissioner at Chinsurah, under a limitation, in such cases similar to that which restricts the right of appeal to the Sudder Dewanny Adawlut, from the decrees of the provincial courts of appeal. The Governor General in Council has accordingly enacted the following rules, to be in force as soon as promulgated; and to remain in force whilst the settlements of Chandernagore and Chinsurah shall continue under the authority of the British government.

An appeal allowed to the Sudder Dewanny Adawlut in all suits instituted, heard, and determined in the first instance in the European courts of civil justice at Chandernagore and Chinsurah; provided the appeal be preferred within three months, or that sufficient reason be assigned for any delay beyond that period.

II. *First.* In all suits and causes of a civil nature, instituted, heard, and determined in the first instance in the European courts of civil justice established at Chandernagore and Chinsurah, an appeal from the sentences, decrees, or other final judgments, or orders passed by the superintendant at Chandernagore, or commissioner at Chinsurah, in his capacity of judge of those courts, or by any other person who may at any time be authorized to act as judge of the said courts, shall lie to the court of Sudder Dewanny Adawlut established at Calcutta; provided that the petition of appeal be preferred within three months after the sentence, decree, or other final judgment or order appealed from, shall have been passed; or if not preferred within this period, that sufficient reason for the delay be assigned, to the satisfaction of the court of Sudder Dewanny Adawlut.

Second.

A. D. 1805. REGULATION I.

Second. In all suits and causes of a civil nature, instituted, heard and determined in the first instance, in the cutcherries, or native courts of civil justice, established at Chandernagore and Chinsurah; and subsequently heard and determined, in appeal, before the superintendant at Chandernagore, or commissioner at Chinsurah, in his judicial capacity, or by any other person who may be authorized to exercise appellate jurisdiction in such cases, an appeal from the sentence, decree, or other final judgment or order passed upon such appeals, shall also lie to the court of Sudder Dewanny Adawlut established at Calcutta; provided that the amount or value adjudged against the party desiring to appeal, according to the usual mode of computation within the settlements abovementioned, shall exceed the sum of five thousand sicca rupees; and that the petition of appeal be preferred within three months after the sentence, decree, or other final judgment or order appealed from, shall have been passed; or if not preferred within this period, that sufficient reason for the delay be assigned to the satisfaction of the court of Sudder Dewanny Adawlut.

Third. In the suits and causes described in the preceding clause, it shall further be competent to the court of Sudder Dewanny Adawlut to admit a special appeal, although the amount or value of the cause of action may be less than five thousand sicca rupees, if on the face of the sentence or decree from which the appeal may be desired, it shall appear to the Sudder Dewanny Adawlut erroneous or unjust; or, if from the nature of the cause, as stated in the sentence or decree, it shall appear to that court of sufficient importance to merit a further investigation in appeal; although within the amount specified in the preceding clause.

III. The appeal to the court of Sudder Dewanny Adawlut, which is allowed by **Clauses first and second**, of the foregoing section, shall not be demandable by the parties in any suits which may have been tried and adjudged by the established courts of justice at Chandernagore and Chinsurah, more than three months before the date of this Regulation; and against which no appeal, petition, or representation may have been preferred to the Governor General in Council. But the court of Sudder Dewanny Adawlut shall hear and determine all appeals which may have been preferred to the Governor General in Council, or for the admission of which any petitions or representations may have been received by the Governor General in Council, and which may be referred by his order, for the investigation and decision of the Sudder Dewanny Adawlut. That court is also empowered to admit a special appeal in any other cases adjudged by the European court, or court of appeal at Chandernagore, or Chinsurah, above three months before the date of this Regulation, if good and sufficient reason be assigned by the appellant for not having preferred his appeal to the Governor General in Council at an earlier period. But the discretionary power hereby vested in the court of Sudder Dewanny Adawlut, to admit retrospective appeals, in particular cases, wherein the ends of justice may appear to require it, is to

Discretionary power reserved to the Sudder Dewanny Adawlut, of admitting special appeals in certain cases, although the amount adjudged may be less than five thousand rupees.

IV. *First.* In all appeals to the court of Sudder Dewanny Adawlut, under this Regulation, the petition of appeal is to be presented to the superintendant at Chandernagore, or commissioner at Chinsurah, in his judicial capacity, or to whoever may be officiating as judge of the European court, and court of appeal, at those settlements respectively ; and shall contain, besides such information of the case as may shew that it is appealable to the Sudder Dewanny Adawlut, a full and explicit statement of the appellant's objections to the sentence or decree from which he is desirous to appeal. The appellant shall, at the same time, tender good security for the payment of any costs or fine which may be adjudged on the determination of his appeal by the court of Sudder Dewanny Adawlut ; or, if unable to give such security, shall make oath of his inability, and adduce two credible persons to attest the same ; and shall also furnish two sufficient sureties for his personal appearance when required.

Second. On the receipt of the petition of appeal, with the prescribed security, or sureties for appearance, the judge by whom the same may be received, shall cause a copy or exemplification to be made of the sentence or decree from which the appeal may be desired ; and within fifteen days, or as soon as the exemplification of the judgment appealed from can be prepared, shall certify and transmit the same, with the petition of appeal, for the information and orders of the Sudder Dewanny Adawlut. That court will then determine whether the appeal be admissible or otherwise, and in the event of its being admitted, shall cause a precept to be issued, under the seal of the court, and the signature of the register, addressed to the judge of the proper court at Chandernagore, or Chinsurah ; requiring him, within such time as may be limited by the precept to call upon the respondent or respondents, in the cause appealed, for his or their answer to the petition of appeal, and to certify and transmit the same to the Sudder Dewanny Adawlut, together with a complete record of all papers received, and of all proceedings held, or orders passed, upon the case in appeal.

Third. The judge to whom the precept may be so addressed, shall comply with the exigency thereof, as required ; or in the event of his not being able to carry the same into complete execution, within the period limited, shall certify the same to the court of Sudder Dewanny Adawlut ; with notice of the period within which a further return will be made of the execution of such precept.

languages in which it has been usual to hold the judicial proceedings in the courts of justice at those settlements, it shall not be required, either from appellants, or respondents, to attend in person, or by vakeel, at the court of Sudder Dewanny Adawlut, for the prosecution or defence of appeals in that court. But if any reference to the parties should be found necessary by the court, or if occasion should arise for any pleading or petition of either party, in addition to the petition of appeal and answer, for which provision is made by the preceding section, such reference shall be made, and pleading or petition received, in like manner, through the judge of the court, in which the sentence or decree appealed from may have been passed; unless the court of Sudder Dewanny Adawlut shall, in any instance, see reason to adopt a different mode of reference to parties in appeals before them; or unless both parties, in any pending appeal, shall, of their own accord, appear personally before that court, or shall appoint one or more of the established pleaders of the court, to appear for them; in which cases the court of Sudder Dewanny Adawlut may refer to the appellant or respondent, or receive pleadings or petitions from either of them, in person, or through their appointed pleaders, as shall be judged proper.

Second. The court of Sudder Dewanny Adawlut are also empowered to receive from any party attending the court in person, or through any of the established pleaders of the court, or on reference to the court, by order of the Governor General in Council, any petitions relative to causes, or matters of judicial cognizance, depending before or decided by the judge at Chandernagore, or Chinsurah, and to issue such orders thereupon, as may appear necessary and proper; so that the same be consistent with the general principles and provisions of this Regulation.

VI. In cases wherein it may appear to the court of Sudder Dewanny Adawlut that the cause in appeal has not been sufficiently investigated, and consequently that further evidence is required for the just determination of it, that court is empowered to refer the cause back for further trial and judgment to the court in which it may have been originally tried; or in which it may have been heard in appeal; or to direct that the further evidence required be taken and transmitted by the judge at Chandernagore, or Chinsurah, as may be deemed by the court most conducive to justice, and the convenience of the parties.

VII. All process of whatever description, and every rule or order, which may be issued by the Sudder Dewanny Adawlut, relative to appeals to that court under this Regulation, or relative to any petitions preferred to that court, or referred to it by the Governor General in Council, concerning any cause or matter of judicial cognizance, depending before, or decided by the courts of justice at Chandernagore, or Chinsurah, shall be addressed to the judge of the proper court, who is hereby required to con-

The same laws and usages as govern the decisions of the courts of justice at Chandernagore and Chinsurah, to govern the decisions of the Sudder Dewanny Adawlut in all appeals under this Regulation. Particular law or usage which may have influenced the judgment, if not referred to in the decree, to be certified, with the record of the cause, to the Sudder Dewanny Adawlut, which court may also require evidence of any local usage.

VIII. The laws and usages which govern the decisions of the courts of justice established at Chandernagore, and Chinsurah, shall also govern the decisions of the court of Sudder Dewanny Adawlut in all appeals under this Regulation. The particular law, or usage, which may have influenced the original judgment, if not specifically stated or referred to, in the sentence or decree, shall be certified with the record of the cause transmissible to the Sudder Dewanny Adawlut in pursuance of Clause Second, of Section IV. That court may also require evidence of any local usage, which has reference to the case in appeal, and may not appear to have been sufficiently established by the proceedings held upon it.

The Regulations in force, or which may hereafter be enacted, for the general administration of civil justice in the British provinces, declared not to be applicable to appeals under this Regulation; unless fully consistent with the provisions of it.

IX. The Regulations which have been enacted, or which may be hereafter enacted, for the general administration of civil justice in the British provinces, under this presidency, and particularly for the guidance of the Sudder Dewanny Adawlut, shall not be considered applicable to the appeals intended to be provided for by this Regulation, except as far as they may be fully consistent with the provisions contained in it; and may be, in all respects, applicable to such appeals. In cases not affecting the rights of parties however, and particularly as far as respects the powers and authority of the Sudder Dewanny Adawlut over the provincial, zillah, and city courts of civil justice, the principles of the general Regulations in force, shall be considered applicable to the courts of civil justice established at Chandernagore and Chinsurah.

But principles of the general Regulations in force, declared applicable to the powers and authority of the Sudder Dewanny Adawlut.

X. The court of Sudder Dewanny Adawlut is empowered to frame such rules of practice, as may be found most convenient for carrying into full effect the several provisions of this Regulation; and also to prescribe an observance of the same to the courts of justice at Chandernagore and Chinsurah.

The court of Sudder Dewanny Adawlut empowered to frame rules of practice, and to prescribe an observance of them to the courts of justice at Chandernagore and Chinsurah.

And whenever a fine imposed under this section may not be paid by the party, or be recoverable from his property or security, he shall be liable to close imprisonment in commutation of the fine so imposed, for such period, not exceeding six months, as may be ordered by the court of Sudder Dewanny Adawlut.

XII. First. In cases of appeal to the Sudder Dewanny Adawlut, the sentence or decree appealed from shall not be carried into execution, during the appeal to that court, provided the appellant shall give good and sufficient security for the performance of the final decision, which may be passed upon the appeal; unless in any particular case, upon the report of the judge at Chandernagore or Chinsurah, or from other information before the Sudder Dewanny Adawlut, that court shall deem it just and necessary to order the immediate execution of the judgment appealed from. But, to prevent an abuse of this rule, whenever the court of Sudder Dewanny Adawlut may confirm the decree appealed from, and such decree may not have been executed during the appeal, interest at the rate of one per cent per mensem, shall be adjudged to the respondent, upon all sums receivable by him under the judgment in his favor, from the date on which such judgment may have been passed, together with any costs which may have been incurred by him upon the appeal.

Second. In the event of the appellants not giving sufficient security for staying the execution of the sentence or decree appealed from, and of its being consequently put in execution, as well as in cases wherein the court of Sudder Dewanny Adawlut may direct the execution of a judgment appealed from, before a final determination upon the appeal, good and sufficient security shall be taken from the respondent for the performance of the final decision which may be passed upon the appeal; and until such security be received, the respondent shall not be put in possession of any part of the property, or amount, adjudged to him.

Third. In case neither party shall be able to give the requisite security, the property in dispute, if land, house, or other property capable of attachment, or if the judgment be for money, any property liable to attachment and sale for the recovery of it, shall be attached by order of the court in which the judgment appealed from, may have been passed until the security required be received; or until a final determination be passed upon the case: and any perishable property attached in such cases may, with the sanction of the Sudder Dewanny Adawlut, be converted into money by public sale.

If the amount or value adjudged shall, exclusive of costs of suit, exceed the sum of five thousand pounds, or fifty thousand current rupees, a further appeal will be open to his Majesty in Council, and shall be received by the Sudder Dewanny Adawlut, under the provisions which have been enacted for receiving such appeals, in Regulation XVI, 1797.

The superintendent at Chandernagore and commissioner at Chinsurah, on the receipt of this Regulation, shall cause it to be exactly translated into the French and Dutch languages, and to be published in the courts of justice, at those settlements, as well as in such other places, and in such manner, as may be customary, for general information.

A. D. 1805. REGULATION II.

A REGULATION to explain the existing limitations of time for the cognizance of suits in the civil courts of justice ; to provide further limitations with respect to certain suits, regular and summary ; and to make other provisions, relative to the admission and trial of original suits, and of appeals.—**PASSED** by the Governor General in Council, on the 18th February 1805 ; corresponding with the 8th Phaugun 1211 Bengal era ; the 5th Phaugun 1212 Fusly ; the 8th Phaugun 1212 Willaity ; the 5th Phaugun 1861 Sumbut ; and the 17th Zekaad 1219 Higree.

By Section XIV, Regulation III, 1793, the zillah and city courts are prohibited from “ hearing, trying or determining the merits of any suit whatever “ against any person or persons if the cause of action shall have arisen previous “ to the 12th August 1765,” (the date of the Company’s accession to the dewanny of the provinces of Bengal, Behar and Orissa) ; “ or any suit whatever, against “ any person or persons, if the cause of action shall have arisen twelve years before any suit shall have been commenced on account of it ; unless the complainant can shew, by clear and positive proof, that he had demanded the money or “ matter in question, and that the defendant had admitted the truth of the demand, “ or promised to pay the money,” (within the last twelve years, so as to constitute a new ground of action within the limited period), “ or that he directly preferred his claim within twelve years,” (after the origin of the cause of action) “ for the matters in dispute, to a court of competent jurisdiction to try the demand : and shall assign satisfactory reasons to the court why he did not proceed “ in the suit ; or shall prove that either from minority or other good and sufficient “ cause he had been precluded from obtaining redress :” the same prohibitions have been extended to the province of Benares by Section VIII, Regulation VII, 1795, with certain exceptions specified in that section ; and with the substitution of the date of 1st July 1775, (being the date of the cession of that province to the Company ;) beyond which no retrospective claims are judicially cognizable therein, except those of dispossessed zemindars, in certain cases, under a provision made with the concurrence of the Rajah of Benares as stated in Clause Fifth, of Section XII, Regulation I, 1795. By Clause First, of Section XVIII, Regulation II, 1803, the courts of adawlut, which have been recently established in the provinces ceded by the Nawab Vizier to the Company on the 10th November 1801, “ are prohibited from hearing, trying or determining any civil suit whatever, if the cause of “ action shall have arisen at a period, being twelve years antecedent to the date on which

A. D. 1805. REGULATION II.

“ which the petition for the institution of such suit shall be presented to the court.” But this rule, which is explained and restricted by Clause Second of the above section, is to remain in force only until the period of twelve years, shall have elapsed from the date of the cession of the said provinces, after which, by Clause Third of the section abovementioned, the same rules of limitation have been prescribed for the ceded provinces, as in the other provinces; with the substitution of the 10th day of November 1801, as the limit of judicial cognizance in the ceded territory, after twelve years from that date. The period of twelve years, adopted in all these provisions, appears to have been established when the administration of civil justice was first committed to the servants of the Company, on the institution of courts of dewanny adawlut in the year 1772: and in the plan for the administration of justice then proposed by the committee of circuit (which was adopted by government on the 21st August 1772). It is remarked, that “ by the “ Mahomedan law, all claims which have lain dormant for twelve years, whether “ for land, or money, are invalid: this also is the law of the Hindoos; and the “ legal practice of the country.” This observation does not appear to be correct with respect to the Hindoo and Mahomedan laws; though it may have been so with regard to the legal practice of the country; and whether previously established or not, the rule having now been in force above thirty years it would be improper to abrogate it. The declared grounds, however, on which this limitation was introduced viz. “ the litigiousness and perseverance of the natives of this country in “ their suits and complaints, often productive not only of inconvenience and vex- “ ation to their adversaries, but also of endless expense and actual oppression;” are not applicable to suits for the recovery of the public rights and dues which may be instituted on the part of government, under the provisions made by the Regulations for subjecting the public claims and interests to the cognizance and decision of the established courts of justice. For such suits and claims, the unlimited time heretofore allowed by the laws of England, (as by those of the Hindoos) has been latterly restricted to a period of sixty years; being the largest period fixed for the judicial cognizance of the claims of individuals in particular cases. This period is recognized by the provisions of the Hindoo law in regard to individuals; and is not incompatible with those of the Mahomedan law. Under the former, it is applied to private rights and claims in cases of unmolested possession unless there be proof of a bad title, and the distinction between *bonâ fide* possession under a title believed by the possessor to be good and sufficient, and *malâ fide* possession, obtained by fraud or violence, has been taken in the Hindoo law, as in the laws of other countries, wherein long and peaceable possession is held and admitted to establish a right of possession and property; or at least to bar any legal claim of redress against the possessor. The period of time required to establish a right of usucaption and prescription has been different, under different legal provisions,

A. D. 1805. REGULATION II.

visions, and being arbitrary, the Governor General in Council does not judge it necessary to alter the period which has been so long established in these provinces, under certain exceptions and provisions for minority, and other good and sufficient cause of delay in the judicial prosecution of demands of right beyond that period. But it is proper that the limitation of twelve years, (with such exceptions and provisions) should be restricted, in cases of land, houses, or other permanent immovable property, to possession under a just and honest title, and that a longer period should be allowed for the cognizance of claims of right to such property, if the claimant can shew, by sufficient proof, that the person in possession acquired the same by violence, fraud, or by any other unjust and dishonest means: or that the property claimed was so acquired by any other person, from whom the actual occupant has derived his title; and has not been subsequently held under a just and honest title during the fixed period of prescription for *bond fide* possession: it is further requisite that a limitation of time should be fixed for the delivery of applications to the courts of justice to obtain the summary inquiry and process, which has been authorized by the Regulations, in cases of arrears of rent, due to proprietors and farmers of land from their under-tenants; of forcible dispossession from land, crops, or other property; and of the unlicensed sale or manufacture of intoxicating liquors or drugs, for which a penalty is recoverable by summary process in the civil courts; as well as in other instances wherein a summary process is authorized by the Regulations; or penalties, or penal damages, are sanctioned by them; and declared to be recoverable by judicial process. Moreover the limitation of time for preferring appeals to the several courts of judicature possessing appellate jurisdiction, has been found in some instances too short, from unavoidable delay in delivering copies of the decrees given against parties not personally present; and, in cases wherein government has been a party from the further delay that has occurred, in the transmission of a copy of the decree, through the usual official channel, to the Governor General in Council, whereby the public rights and interests have been liable to suffer injury. To provide therefore more effectually for securing the rights of the public, and of individuals, in the several cases herein recited, as well as to make further provision for the due administration of justice in other cases, connected therewith, as hereinafter specified, His Excellency the Most Noble the Governor General in Council has enacted the following Regulation, to be in force, as soon as promulgated, in the provinces of Bengal, Behar, Orissa, and Benares; and in the provinces ceded to the Honorable the English East India Company, by the Nawaub Vizier. (a)

(a) Extended to the conquered provinces situated within the Doonab, and on the right bank of the river Jumna, and to the territories ceded in Bundelcund by the Peishwa, by Regulation VIII of 1805; to the sillah of Cuttack, and the purgunnahs of Puttaspore, Kurnardichour and Bograe, (excepting those parts which have been exempted from the operation of the general Regulations) by Regulation XIV, of 1805, Section XI; and to the purgunnahs of Soak, Sonsa and Sahar, annexed to the sillah of Agra, by Regulation XII, of 1806, Section III.

A. D. 1805. REGULATION II.

Limitation of twelve years for commencement of civil suits, prescribed by existing Regulations, not applicable to any public claims, instituted, on the part of government, by persons duly authorized.

II. First. The limitation of twelve years for the commencement of civil suits, under certain provisions and exceptions, which, in pursuance of former rules and practice, has been continued and prescribed by Section XIV, Regulation III, 1793 : Section VIII, Regulation VII, 1795 : and Section XVIII, Regulation II, 1803 : shall not be considered applicable to any suits for the recovery of the public revenue, or for any public right or claim whatever, which may be instituted by, or on behalf of government, with the sanction of the Governor General in Council ; or by direction of any public officer or officers, who may be duly authorized to prosecute the same on the part of government.

All claims on the part of government, for the cognizance of which no special rule may be in force, declared cognizable, under the Regulations, if duly preferred within sixty years, from the origin of the cause of action ;

Second. All claims on the part of government, whether for the assessment of land held exempt from the public revenue without legal and sufficient title to such exemption, or for the recovery of arrears of the public assessment, or for any other public right whatever, (the judicial cognizance of which may not have been otherwise limited by some special rule or provision in force) shall be heard, tried, and determined in the several courts of civil justice, to which the cognizance thereof may properly belong, under the general Regulations which have been or may be hereafter enacted, if the same be regularly and duly preferred at any time within the period of sixty years from and after the origin of the cause of action : provided that such cause of action shall not have originated within the provinces of Bengal, Behar, and Orissa, before the 12th August A. C. 1765 ; or within the province of Benares before the 1st July A. C. 1775, or within the provinces ceded by the Nawaub Vizier before the 10th November A. C. 1801 ; (b) being the periods of the Company's accession to the civil government of the above provinces respectively.

Provided the cause of action shall not have arisen before the period of the Company's accession to the civil government of the several provinces specified.

Limitation of twelve years also declared not applicable to private claims of right to immovable property, if the person in possession shall have acquired possession by violence, fraud, or other unjust, dishonest means.

Or if the person, from whom the actual occupant derived his title, shall have acquired possession by such means ; and the property may not have been subsequently held, under a fair title believed to convey right, for twelve years.

III. First. The limitation of twelve years fixed by Section XIV, Regulation III, 1793, Section VIII, Regulation VII, 1795, and Section XVIII, Regulation II, 1803, shall also not be considered applicable to any private claims of right to lands, houses, or other permanent immovable property ; if the person or persons in possession of such property when the claim of right thereto may be preferred in a competent court of judicature, shall have acquired possession thereof by violence, fraud, or by any other unjust, dishonest means whatever ; or if such property shall have been so acquired by any other person or persons from whom the actual occupant or occupants may have derived his or their title, and shall not have been subsequently held under a just and honest title (such as inheritance, purchase, fair donation, or any other fair title believed to have conveyed a right of possession and property) during a period of twelve years antecedent to the time of preferring a claim of right thereto.

in a competent court; provided that such violent, fraudulent, unjust or dishonest acquisition be established to the satisfaction of the court in which the claim may be preferred; or, if the suit be appealable, to the satisfaction of the proper court of appeal.

Second. In all such cases, viz. when the original cause of action may have arisen more than twelve years before the institution of the suit, and the claim may not be cognizable under the exceptions and provisions contained in the Regulations and sections above cited, but may be nevertheless cognizable under the provisions made by the preceding clause, from the defendant's having acquired possession of the claimed property by violence, fraud, or other unjust and dishonest means; or from the property after being so acquired by any other person not having been subsequently held by the present occupant and his predecessors under a just and honest title during the prescribed period of twelve years; the plaintiff shall set forth the same distinctly, either in his petition of plaint; or in his replication. The court, after taking the answer and rejoinder of the defendant, shall if the alleged unjust and dishonest acquisition be denied by the defendant, examine any evidence that may be adduced by the plaintiff in proof of his allegation; as well as any evidence that may be brought by the defendant to prove his just and honest acquisition of the property claimed, or the just and honest possession thereof by himself and his predecessors during more than twelve years; after which the court shall determine whether the suit in question be cognizable under the present rule and section or otherwise; and if such determination be in favor of the plaintiff; or in appealed cases, if a determination for the cognizance of the suit be passed by the court of appeal; the merits of the plaintiff's claim of right shall be heard, tried, and determined, notwithstanding the lapse of time, in like manner as if the claim had been regularly preferred within twelve years after the origin of the cause of action.

Third. Provided, that nothing in the preceding clause of this section, or in any part of the existing Regulations, shall be held to authorize the cognizance of any suit whatever in any court of justice, if the cause of action shall have arisen sixty years before the institution of such suit: nor shall any plea on the part of the plaintiff for the non-prosecution of his claim of right during a period of sixty years after the origin of his alleged cause of action, nor any original defect of title on the part of the possessor of the property claimed after the lapse of such period; be deemed sufficient ground for taking judicial cognizance of any suit so preferred. Moreover, although the property claimed may have been acquired by an insufficient title within the period of sixty years, hereby fixed as the utmost limit for the cognizance of any claims in the established courts of justice, if the property so acquired shall have descended by inheritance to the person in possession when the claim thereto may be preferred after a lapse of twelve years; or if such person shall have obtained just and

Plaintiff to set forth the circumstances of unjust or dishonest acquisition in his plaint or replication.

Evidence to be taken from both parties, if the allegation be denied by the defendant.

Determination to be passed by the original court, and by the court of appeal, in appealed cases.

And claim of right, if declared cognizable, to be tried and determined, as if preferred within twelve years after the origin of the cause of action.

No suit whatever to be held cognizable, in any court of justice, if the cause of action shall have arisen sixty years before the institution of it.

Of clauses first and second of this section further declared inapplicable to any private claims to property acquired by an insufficient title within sixty years, if held by the actual occupant, or his heirs, or by any person from whom he may have obtained it without molestation and under a title.

believed to be just and valid, during twelve years antecedent to the institution of the suit.

Provisions already in force, as stated in clause second, of this section, applicable to all such cases.

Further provision for cases of mortgage and deposit. No length of time to bar the cognizance of suits for the recovery of property in such cases.

Nor in any case wherein the possession shall not have been under a title believed to have conveyed a right of property to the possessor.

Explanation of provisions of existing Regulations for summary process to recover arrears of rent.

Applicable to recent arrears of rent only.

And not to be applied to any demands due for more than a complete year before the application for such process.

But judges, registers, and collectors, in the adjustment of arrears, in such cases, may include arrears due for more than one year, if it appear equitable.

honest possession thereof by purchase, fair donation, or by any other title believed to be just and valid, and not appearing to be in any respect collusive for the purpose of depriving the plaintiff of his right, and either such occupant himself, or any other person in his behalf, or from whom the property may have been obtained, under any of the titles aforesaid, or the whole in succession shall have held quiet and unmolested possession, under a title believed to be just and valid, during a period of twelve years antecedent to the time of a claim thereto being preferred in a competent court; the provisions made by Clauses First and Second, of this section, shall not be considered applicable to any private claims to property so circumstanced, which are therefore to be deemed inadmissible as heretofore after twelve years from the origin of the cause of action, unless the same be cognizable under the exceptions and provisions already in force.

Fourth. Provided further, that no length of time shall be considered to establish a prescriptive right of property, or to bar the cognizance of a suit for the recovery of property, in cases of mortgage, or deposit, wherein the occupant of the land or other property may have acquired, or held possession thereof as mortgagee or depository only, without any proprietary right; nor in any other case whatever wherein the possession of the actual occupant, or of those from whom his occupancy may have been derived, shall not have been under a title *bond fide* believed to have conveyed a right of property to the possessor.

IV. First. The provisions contained in Section XV, Regulation VII, 1799; Section XIV, Regulation V, 1800; and Section XXXII, Regulation XXVIII, 1803; for the arrest of defaulting under tenants, and their sureties from whom arrears of rent may be due to proprietors and farmers of land, and for a summary inquiry to be made by the judges of the zillah and city courts when the parties so arrested for arrears of rent may be brought before them, are from the terms and objects of such provisions evidently intended to be applicable only to recent arrears of rent, due in the course of the current year, or immediately after the close of it; and it is hereby declared, that the summary inquiry and process authorized by the above Regulations shall not be applied to any arrear of rent, or other demand which may have been due more than a complete year, before the delivery of the petition of arrest, and application for such summary inquiry and process, as directed by the Regulations above cited. Provided however, that this restriction shall not be considered to preclude the judges of the zillah and city courts, (or their registers, or the collectors, to whom such inquiry may be committed by them,) from including in the adjustment of recent arrears in such cases, any arrear which may be found due beyond the period of one year, if the same shall appear equitable. (c).

(c) Construction by the Sudder Dewanny Adawlut; 21st February, 1807. The process of distraint was primarily intended to enable landholders and farmers of land to realize their rents for the current year with punctuality; but the Regulations do not restrict the process of distraint from being employed for arrears of a former year, provided the person upon whom the distress is levied, continue to be an under-tenant of the distrainer.

Second.

A. D. 1805: REGULATION II.

Second. The rule of limitation prescribed by the above clause is also hereby extended to applications for summary process by landholders and farmers, against their agents employed in the management of their estates and farms, or in the collection of their rents, under the provisions made by Section XX, Regulation VII, 1799, Section XIX, Regulation V, 1800, and Section XXXVII, Regulation XXVIII, 1803; which authorize such process for the arrest and imprisonment of the agents of landholders and farmers, whilst in their service, or immediately after the resignation or dismissal of agents of the above description, on account of demands for money in their hands, or for accounts which they may refuse to render, or for any matter relating to the discharge of their respective trusts.

V. The provisions contained in Regulation XLIX, 1793, Regulation XIV, 1795, and Regulation XXXII, 1803, for preventing affrays respecting disputed boundaries, crops, and other property, (whereby the judges of the zillah and city civil courts, are directed to take immediate cognizance of complaints of forcible dispossession; and upon the previous possession of the complainant being proved to their satisfaction, to cause the disputed land, crops, or other property, of which he may have been forcibly dispossessed, to be restored to him without enquiring into the merits of the claim of the disposessor,) were likewise evidently intended to provide for the immediate cognizance of complaints of forcible dispossession, preferred at the time of such dispossession, or as soon afterwards as circumstances might admit. But no period having been limited for such complaints; it is hereby declared, that the summary inquiry and restoration to possession authorized by the Regulations abovementioned, shall be restricted to cases of forcible dispossession which may be complained of to the proper zillah or city court, within three months after such dispossession shall have taken place; unless it be clearly shewn and established, that the complainant was prevented by good and sufficient cause from preferring his complaint, either in person, or by his representative within that period.

VI. All suits, complaints, and informations, cognizable by the civil courts of judicature, for the recovery of any fine or penalty receivable by government, or by the informer, on account of the unlicensed manufacture or sale of intoxicating liquors or drugs; the illicit manufacture or sale of salt or opium, the fraudulent evasion of the stamp duties prescribed by the Regulations, or on account of any other fines or penalties recoverable, either by a regular suit or by summary process, in the courts of dewanny adawlut, under any Regulation in force which may not have fixed a specific period for the recovery thereof, shall be preferred to the proper courts, in such manner as the Regulations require, within one year after the act, for which the fine or penalty may be demandable, shall have been committed; and no such suit, complaint or information (not otherwise specially provided for,) shall be admitted and

Limitation in above clause extended to application for summary process by landholders and farmers against their agents, under existing Regulations.

Explanation of provision in existing Regulations for preventing affray respecting disputed boundaries, crops, or other property.

Summary inquiry and restoration to possession restricted to cases of forcible dispossession, which may be complained of within three months after such dispossession.

Unless it be shewn that sufficient cause prevented the complaint being preferred within that period.

All suits, complaints and informations, for fines or penalties, receivable by government or by the informer, under the Regulations for the recovery of which no specific period may have been fixed, to be preferred within one year after the act for which the fine or penalty may be demandable.

No such suit, complaint, or information, to be admitted.

mitted after the prescribed period; unless prosecuted on the part of government, and sufficient cause be assigned for the delay.

Suits and complaints for penal damages allowed by the Regulations to individuals, and for the recovery of which no specific period may have been fixed, to be also preferred within one year after the cause of action shall have arisen; or as soon afterwards as possible.

No such suit or complaint to be received, after one year, without sufficient cause why it was not prosecuted at an earlier period.

But this restriction is not applicable to any suits for the recovery of property, or the value of property, appertaining to the plaintiff; or to suits for compensation or indemnification on account of damage to, or loss of property.

The general rules of limitation, as in other suits for recovery of private rights, to be applied in such cases.

Periods for preferring appeals limited by the existing Regulations to be calculated from the delivery, or tender, of the decree appealed from, to the appellant or his vakeel, as directed by the Regulations.

proceeded upon in any court of justice after the period prescribed; unless the same be prosecuted on the part of government, and good and sufficient cause be assigned why it has not been brought forward to judicial cognizance within one year after the commission of the act whereupon the fine or penalty sued for is demandable.

VII. All suits and complaints for penal damages (viz. for pecuniary penalties on account of any act or omission, in opposition to the Laws and Regulations exclusive of a compensation for actual losses); in cases wherein such damages are allowed by the Regulations to individuals, and for the recovery of which by judicial process no specific period may have been fixed, are also required to be preferred to the proper courts of justice, within one year, after the cause of action shall have arisen, or as soon afterwards as it may be in the power of the party aggrieved to prefer the same, and no such suit or complaint shall be received and proceeded upon in any court of justice, after the expiration of one year from the time when the alleged cause of action may have arisen without good and sufficient cause being assigned why the same has not been judicially prosecuted at an earlier period: Provided, that this restriction be understood to be strictly applicable to claims to penal damages only (as above described) and be not considered applicable to any suits for the recovery of the property, or for the value of property, appertaining to the plaintiff; or for a compensation or indemnification on account of any damage to, or loss of property actually sustained by the plaintiff; in all which cases the general rules of limitation, are to be applied, as in other suits of individuals for the recovery of their rights in the civil courts.

VIII. The copies of decrees passed by the civil courts of justice not being always prepared in time to be delivered or tendered in open court to the parties; or their vakeels, within ten days after passing the decree, as directed in Section XXVI, Regulation IV, 1793; (extended to Benares by Regulation VIII, 1795;) and in Section XXVII, Regulation III, 1803; (for the ceded provinces), and such delivery or tender of the decrees of the zillah courts being sometimes delayed, from unavoidable causes till nearly, or even until after, the expiration of the period limited for appeals; whereby the parties who may not be present when judgments are passed against them in the civil courts, are precluded from having the proper means of determining whether to appeal from such judgments, or otherwise; it is hereby provided that the period of three months, which is limited by the existing Regulations for appeals from the decisions of the zillah and city courts to the provincial courts of appeal, and from the decisions of the latter courts to the court of Sudder Dewanny Adawlut, as well as the period of one month limited for appeals from the decisions of the registers and native commissioners to the judges of the zillah and city courts, and the period of six months limited for receiving appeals from the judgments of the courts of Sudder Dewanny Adawlut to his Majesty in Council, shall be calculated

The rule prescribed to the judges and registers of the zillah and city courts, for endorsing on the copies of decrees delivered or tendered by them, as well as inserting in their records, the date of delivering or tendering such copies, is also to be carefully observed by the native commissioners, that the exact period of such deliveries or tenders may be at all times ascertainable; and the judges are to communicate this rule to the native commissioners within their respective jurisdictions, for their information and guidance. (d)

IX. In all original suits, or appeals, wherein government may be one of the parties, the court which may pass judgment, whether for or against government, shall in addition to the copies of decrees required by the existing Regulations to be delivered to the parties; transmit a copy of the decree, as soon as the same can be prepared, to the secretary to the government in the judicial department, for the information of the Governor General in Council. Such copies of decrees are not required to be upon stamp paper; but are to be duly authenticated by the official seal and signature of the judges, by whom the same may have been passed; and are to be accompanied with an English translation. X. (f) *First.* The power which has been vested in the provincial courts of appeal by Section XXIV, Regulation XLIX, 1803, to admit a special appeal from the decrees of the zillah and city courts in cases wherein a regular appeal may not lie to them; if on the face of the decree, or from any information before the court of appeal, it shall appear to them erroneous or unjust, or if from the nature of the cause, as stated in the decree, or otherwise, it shall appear to them of sufficient importance

(d) Modified by Regulation XXVI, of 1814, Section VIII, Clause X, which explains how the limitation of time for the admission of appeals is to be calculated. See the Circular Orders of the dewanny adawlut, new edition, page 39, No. 6, Head—APPEALS AND REFERENCES, for a construction of this Section.

(e) *Quere.* In consequence of the provisions of Regulation II, of 1814, is not the requisition in this Section become superfluous?

(f) This Section is declared to be modified by Regulation XXVI, of 1814, Section II, Clause I, but stands more in the situation of one that is superseded or repealed, than modified. It enacts no new rules, but merely extends and refers to the provisions of antecedent Regulations, which have been expressly rescinded; viz. Regulation XLIX, of 1803, has been rescinded by Regulation XXIII, of 1814, Section II, and by Regulation XXIV, of 1814, Section II; and Regulation II, of 1798, Section II, and Regulation IV of 1803, Section XXX, that is, the second clause of the last mentioned section, referred to in the second clause of the present section, have been rescinded by Regulation XXVI of 1814, Section IV. But whether rescinded or not, Regulation XXVI of 1814, Sections II and IV, shew in what cases, and in what manner, second, or special appeals, and reviews, may be had, granted, and proceeded in.

Rule prescribed to the zillah judges and registers for endorsing and recording the date of delivering, or tendering copies of decrees, to be also carefully observed by the native commissioners.

In suits and appeals wherein government may be one of the parties, a copy of the decree to be sent, as soon as it can be prepared, to the secretary to government in the judicial department.

Such copies of decrees not required to be upon stamp paper, but to be duly authenticated, and accompanied with translations.

Power of admitting a special appeal, in certain cases, which has been vested in the provincial courts by Section XXIV, Regulation XLIX, 1803, declared to be equally vested in the court of Sadar Dewanny Adawlut, with respect to decrees passed by the provincial courts, not open to the regular appeal.

to merit a further investigation in appeal; is hereby declared to be equally vested in the court of Sudder Dewanny Adawlut, with respect to any decrees passed by the provincial courts of appeal, which from the amount or value of the cause of action, may not be open to the regular appeal to that court, but on any of the grounds above stated, may appear to merit a further investigation.

Provisions in clause second, of Section XXIV, Regulation XLIX, 1803, applicable to the authority vested in the Sudder Dewanny Adawlut by the present section.

Petitions for special appeals to Sudder Dewanny Adawlut to be presented to that court, with a copy of the decree appealed from, and with the institution fee and prescribed security.

Authority vested in the provincial courts by Section IX, Regulation II, 1801, and Clause Twelfth, Section XII, Regulation IV, 1803, extended to cases wherein the zillah and city courts may refuse to admit, hear, and determine an original suit, on the ground of delay, informality, or other default; or may dismiss it on the ground of some default, without investigation of the merits of the cause.

Provisions in sections above mentioned, and in Section XXVI, Regulation XLIX, 1803, to be held applicable to all appeals under the present section.

Second. The provisions contained in Clause second, of Section XXIV, Regulation XLIX, 1803, explanatory and restrictive of the discretionary authority vested in the provincial courts by that section, are to be considered equally applicable to the authority vested in the court of Sudder Dewanny Adawlut by the present section. The provincial courts will consequently be still at liberty to receive petitions, in conformity to Section II, Regulation II, 1798, and Section XXX, Regulation IV, 1803, for the revision of their own judgments, in cases not regularly appealable to the Sudder Dewanny Adawlut: but any petitions for a special appeal to that court, under the preceding clause of this section, are to be presented to the Sudder Dewanny Adawlut, with a copy of the decree of the provincial court, and with the institution fee and security required in other cases of appeal.

XI. (g). The authority vested in the provincial courts of appeal by Section IX, Regulation II, 1801, and Clause Twelfth, of Section XII, Regulation IV, 1803, to receive appeals from the decrees and orders of the judges of the zillah and city courts, in all cases wherein the latter may have refused to admit an appeal from the decisions of their registers, or of the native commissioners; on any ground of delay, informality, or other default in preferring it, or after having admitted the appeal, may dismiss it on the ground of some default, without investigation of the merits of the cause, is hereby extended to all cases wherein the judges of the zillah and city courts may refuse to admit, hear, and determine an original suit preferred to them, on the ground of delay, informality or other default in preferring it; or having admitted the suit, may dismiss it on the ground of some default, without investigation of the merits of the cause; and all such cases are accordingly declared appealable to the provincial courts of appeal, whatever may be the amount, or value at issue in the cause. The provisions contained in the sections abovementioned for ordering a trial and determination of the cause upon its merits in the zillah, or city court, if it shall appear to the provincial court that the suit has been rejected or dismissed upon insufficient grounds; as well as for punishing litigious appeals, in the cases therein stated, shall be held equally applicable to the appeals preferred under this section; as shall also the several provisions contained in Section XXVI, Regulation XLIX, 1803, with respect to the receipt of such appeals, without any institution fee; the pleadings and summary proceedings to be held upon them; the notice to be given to respondents;

the security to be required from the appellant or respondent; and the fees to be allowed to the pleaders employed in such cases.

XII. The absolute revocation by Sections III and IV, Regulation XII, 1797, of the option given by Section X, Regulation V, 1793, to persons desirous of appealing to the Sudder Dewanny Adawlut, either to present their petitions of appeal to that court, or to the court in which the decree appealed against may have been passed; as well as of the similar option given by Section XII, Regulation V, 1793, with respect to appeals to the provincial courts, from the decrees of the zillah and city courts, having been found productive of inconvenience and hardship, in particular cases wherein the parties from not being fully advised of the rules referred to, have resorted under the option first given, to the courts of appeal; it is hereby declared, in qualification of Sections III and IV, Regulation XII, 1797, as well as of Section XII, (h) Regulation IV, 1803, and Section X, Regulation V, 1803; that the court of Sudder Dewanny Adawlut and the several provincial courts of appeal may, in any particular case, if they see reason for so doing, receive and admit petitions of appeal, in cases appealable to them respectively under the Regulations, instead of requiring the appellant to present his petition of appeal, in the first instance to the court, in which the judgment appealed from may have been passed. (i) Provided however, that the petitions of appeal so received and admitted be accompanied with an authenticated copy of the decree appealed against; as well as with the requisite institution fee (j) and security for the eventual costs of appeal (in cases wherein such are required by the Regulations,) and security for vakeel's fees, (k) (if a vakeel be employed;) unless the appellant be a pauper; in which case, to render his petition of appeal admissible, he must conform to the rules prescribed for the admission of appeals in *formâ pauperis*.

XIII. To obviate all doubt whether the summary processes authorized by the Regulations herein before specified for the recovery of arrears of rent due to landholders and farmers from their under-tenants; and for recovering the possession of land, crops, or other property, in cases of forcible dispossession; as well as the summary inquiries which are provided for by the Regulations to be made by the judges of the zillah and city courts of dewanny adawlut, in cases of information against unlicensed manufacturers or venders of intoxicating liquors and drugs; and in other similar instances be meant by the Regulations, to be personally and exclusively com-

Qualification of such part of the existing rules for preferring appeals, as require that the petition of appeal be presented. In all cases, to the court in which the decree appealed from may have been passed.

Court of Sudder Dewanny Adawlut and provincial courts may, in particular cases, receive and admit petitions of appeal, although presented to them in the first instance.

Petitions of appeal, in such cases, to be accompanied with a copy of the decree appealed from, and the requisite institution fee and security.

Explanation, by whom the summary inquiries authorized by the Regulations, for the recovery of arrears of rent, and for the possession of land, crops, or other property, as well as in cases of information against unlicensed manufacturers or venders of intoxicating liquors or drugs, and other similar instances, are to be made.

(A) This section is said to be rescinded by Regulation XXVI, of 1814, Section III, which is evidently an error, Clauses XII and XIII, thereof, were only intended to be rescinded.

(i) Modified by Regulation XXVI, of 1814, Section VIII, which restores to appellants, the option of preferring their petition of appeal either to the court in which judgment has been passed, or to that in which the appeal is to be tried; provided, in the latter case, the petition of appeal be accompanied by an authenticated copy of the decree appealed from, but not in the former.

(j) Or the stamp duty substituted by Regulation I, of 1814, Section XIII, in lieu of the institution fee.

(k) A deposit is now required, equal to the amount of the vakeel's fees, instead of security. See Regulation XXVII, of 1814, Section XXIII.

The judge may, at any time, recal such references to his register, and investigate the same himself.

And may, in particular cases, appearing to require it, revise and amend the order passed by the register.

Explanation in preceding section not meant to restrict the power of the registers, when vested with authority to officiate as judges.

Further declaration of the register's powers in the absence of the judge, or during a vacancy in the office, although he may not have been invested with the authority of judge.

The judge is likewise empowered in any particular case which may appear to require it, to revise and amend any order passed by his register in such cases, on representation from the parties, or otherwise. XIV. First. The explanation contained in the preceding section is not of course meant to restrict the power of the zillah and city registers to conduct the summary inquiries therein referred to, whenever they may be vested with authority to officiate as judges, during the absence of the judge, or during a vacancy in the office of judge, or otherwise, under the provisions contained in Regulation IV, 1796, and Section XXIII, Regulation II, 1803.

Second. It is hereby further declared, in explanation of Section V, Regulation IV, 1796, and Section XV, Regulation XII, 1803, which prescribe the duties to be performed by the register, when not provisionally invested with the authority of judge, that the register in such case, is authorized, during the absence of the judge, or during a vacancy in the office of judge, to conduct, in conformity to the Regulations, any of the summary inquiries referred to in this Regulation, which may appear to require immediate attention and process. The register is also authorized, in such cases, although not vested with the full powers of judge, to receive any new suits of whatever description which may be instituted according to the Regulations; to refer

(n) The whole of this Regulation is rescinded by Regulations XXIII and XXIV, of 1814. An amended rule, in lieu of that rescinded, will be found in Regulation XXIV, of 1814, Section XI.

(o) Construction by the *Sudder Dewanny Adawlut*, 18th May, 1808. Adverting to the provisions of this clause, as well as to the general spirit of Section XIV, of this Regulation, the court were of opinion, that the register is authorized to conduct to issue, the summary inquiries referred to in the Regulations, during the absence of the judge.

A. D. 1805. REGULATION III.

A REGULATION to make further provision for the exemplary punishment of robbery by open violence.—PASSED by the Governor General in Council, on the 28th March 1805; corresponding with the 17th Cheyite 1211 Bengal era; the 13th Cheyite 1212 Fusly; the 17th Cheyite 1212 Willaity; the 12th Cheyite 1862 Sumbut; and the 25th Zelhej 1219 Higeree.

THE crime of robbery by open violence has been fully defined by Clause First, of Section III, Regulation LIII, 1803; and the several clauses of Section IV, of that Regulation, have declared the punishment to be adjudged by the criminal courts of judicature upon convictions of that offence, with or without homicide, wounding, maiming, or other personal injuries; or any other circumstances of aggravation. It has since appeared that the object of the last mentioned section would be further promoted by the addition of exemplary corporal punishment, (which formerly constituted part of the usual punishment for robbery, in almost all cases short of death,) to the penalties for this crime, which have been prescribed by Clauses Second, Third and Fourth, of that section. Instances have also occurred in which the village watchmen, who are bound by the existing Regulations, to assist the police officers in protecting the inhabitants of the country, and their property from robbery, have been found to be concerned in the perpetration of this crime: and strong grounds of suspicion have appeared that even some of the public officers upon the police establishments have connived at the commission of robbery, or at the escape of persons residing within their jurisdictions, who from information, or notoriety, were known to be robbers. The highly criminal and dangerous violation of duty, in all such cases, requires that the offenders should be subjected to more exemplary punishment, proportioned to their aggravated criminality, and its danger to the community. His Excellency the Most Noble the Governor General in Council, has accordingly enacted the following rules, to be in force, from the time of their promulgation, in the provinces of Bengal, Behar, Orissa and Benares, and in the ceded provinces, to which Regulation LIII, 1803, has been extended: also in the conquered provinces from the time of promulgating the extension of this Regulation thereto. (r)

(r) Extended to the conquered provinces situated within the Doab, and on the right bank of the river Jumna, and to the territories ceded in Bundelcund by the Peshwa, by Regulation VIII, of 1805, Section XIX, Clause I. To the zillah of Cuttack, and the pergunnahs of Puttasore, Kummardicbour and Bograe, by Regulation XIII, of 1805, Section XIII, excepting those parts which have been exempted from the operation of the general Regulations. To the pergunnahs of Sonk, Sonsa and Sahar, annexed to the zillah of Agra, by Regulation XII, of 1806, Section III. See Regulation XV, of 1814, which defines the punishment to which persons convicted of two or more offences, shall in certain cases be subject.

A. D. 1805. REGULATION III.

Persons convicted of robbery by open violence and not sentenced to suffer death, may be adjudged by the courts of circuit and Nizamut Adawlut, to receive corporal punishment, not exceeding thirty nine lashes with a corah, in addition to the penalties prescribed by Clauses Second and Third, of Section IV, Regulation LIII, 1803.

II. In all cases of conviction, of the crime of robbery by open violence, as defined in clause first, of Section III, Regulation LIII, 1803; whether such conviction be founded upon the free and voluntary confession of the prisoner, or upon the testimony of credible witnesses, or upon strong circumstantial evidence; and the party so convicted may not be sentenced to suffer death; the court of circuit, before whom the offender may be convicted, and the court of Nizamut Adawlut, in trials referred to that court, shall be competent to adjudge corporal punishment, not exceeding thirty nine lashes with a corah, in addition, to the penalties of imprisonment and transportation for life, or of imprisonment and hard labour for the period of fourteen years, prescribed by Clauses Second and Third, (s) of Section IV, Regulation LIII, 1803; whenever, on consideration of the nature of the case, it may appear proper to inflict such additional exemplary punishment. (t)

Persons convicted of going forth to commit robbery, but apprehended before the commission of it, or any violent attempt for the purpose, declared liable to corporal punishment, not exceeding thirty lashes with a corah, in addition to, or in commutation of, the penalty prescribed by Clause Fourth, of Section IV, Regulation LIII, 1803.

III. Persons convicted of the crime provided for by Clause Fourth, of Section IV, Regulation LIII, 1803, viz. of going forth with a gang of robbers for the purpose of committing robbery, but apprehended before they have committed such, or have made any violent attempt for the purpose; and declared, by the clause above-mentioned, liable to imprisonment and hard labour for such period, not exceeding seven years, as the circumstances of the case may appear to merit, are further hereby declared liable to corporal punishment, not exceeding thirty lashes with a corah, in addition to, or in commutation of, the whole or part of the imprisonment provided for by the clauses above cited; whenever it may appear expedient, for the sake of example, or to prevent a lengthened imprisonment of the prisoner, to the court of circuit before whom he may be convicted; or to the Nizamut Adawlut, in any cases referred to that court. (v)

Any village watchman or guard, of whatever denomination, as well as any police officer, of whatever description, convicted of robbery by open violence, and not liable to suffer death, under Clause First, of Section IV, Regulation LIII, 1803, declared liable to the punishment for aggravated criminality, provided for by Clauses Second and Third of that section.

IV. If any pyke, chokeedar, pasban, dosaad, nigabaan, or other village watchman, or guard, of whatever denomination, entertained or employed by a landholder, or by any other person, for the protection of villages, houses, persons, or property, and consequently required by the Regulations, to assist the police officers in preventing robbery and other crimes, and in apprehending offenders; or if any police officer of whatever description, (whether a police darogah, or *tehseeldar*, entrusted with the charge of the police, (u) a city or town cutwal, or a jemadar, mohrir, burkundoss, piadah, or other person employed, under the zillah and city magistrates, the police darogahs and *tehseeldars*, or under any other officers of the police, for the protection of the inhabitants of the country and their property from robbery; or for apprehending

(x) Under this declaration any watchman, guard, or police officer, as described in the present section, who may be convicted of having been present, aiding and abetting, at a robbery by open violence, or at an attempt to commit such robbery ; or though not present, of having procured and caused by hire, counsel, or command, the perpetration of such robbery, or attempt to rob, will be liable to suffer death, on the sentence of the court of Nizamut Adawlut, according to the Regulations, if in the prosecution of such robbery, or attempt to rob, any person shall be murdered, wounded, maimed, burnt, or subjected to other personal injury, torture, or cruelty, or any dwelling house shall be set on fire ; or other criminal and aggravating act committed ; or will be liable to a sentence of corporal punishment, and imprisonment and transportation for life, by the court of Nizamut Adawlut, if the prosecution of such robbery or attempt to rob shall not have been attended with homicide, personal injury, or any of the other aggravating acts above specified. It is hereby further declared, that any clear and direct connivance on the part of a watchman, guard, or police officer, as described in this section, whereby a gang of robbers may have been enabled to commit any of the crimes above stated, shall, if duly established, subject the offender to the same penalty, as he would have been lia-

Or if the prosecution of the robbery, or attempt to rob, shall not have been attended with homicide, personal injury, or any of the other aggravating acts above specified.

But any police officer, guard, or watchman, convicted of theft, or of larceny and burglary, though without open violence, or of clear and direct connivance at the perpetration of such crime, declared liable to such aggravation of punishment, as the courts of circuit, or the Nizamut Adawlut in cases referrible to that court, shall deem adequate to the offence; not exceeding the limitations prescribed by Clause Seventh, of Section II, and Clause Third, of Section VII, Regulation LIII, 1803.

VI. The explanation contained in the two clauses of Section V, Regulation LIII, 1803, respecting the distinction to be observed in cases of secret theft, or larceny without open violence, and of criminal acts of violence done in prosecution of the original intention to commit theft, shall be applied, in like manner, to the several provisions contained in the present Regulation. A. D. 1805. REGULATION IV.

A REGULATION for extending to the province of Benares, Regulation XXXI 1793, entitled "A Regulation for re-enacting with modifications and amendment " the rules passed on the 23d of July 1787, and subsequent dates, for the con-
" duct of the commercial residents and agents, and all persons employed or con-
" cerned in the provision of the Company's investment ;" and also, for exempting
from duty all goods and articles provided in the province of Benares, on account of
the investment of the Honorable East India Company.—PASSED by the Governor
General in Council, on the 25th April 1805 ; corresponding with the 14th Bysaack
1212 Bengal era ; the 12th Bysaack 1212 Fussy ; the 14th Bysaack 1212 Willaity ;
the 11th Bysaack 1862 Sumbut ; and the 24th Mohurram 1220 Higeree.

WHEREAS it has hitherto been the practice to provide the investment of
the Honorable the East India Company in the province of Benares, by
purchasing the goods brought for sale by the manufacturers with ready money ; or
by contracts made with native dullols, or dustooreas, for the provision of the goods ;
instead of making advances to the manufacturers, for the provision of goods of spe-
cified dimensions, and of a certain quality ; in the manner observed in the provinces
of Bengal, Behar, and Orissa : and whereas the adherence to the said system has
operated to prevent the desired improvement of the fabrics, and to render the provi-
sion of the requisite quantity of goods uncertain : and whereas by making advances
to the manufacturers for goods of the required quality and dimensions, under the
rules contained in Regulation XXXI, 1793 ; and by extending the said Regulation
to the province of Benares, the commercial officers of the Company will be enabled
to effect the desired improvements in the quality of the manufactures ; and to ensure
the punctual delivery of the required quantity of goods ; and the Company, the
weavers, and other manufacturers, and the private traders of every description will,
under the protection of the laws, be secured in their just rights, in the transaction
of their respective concerns ; according to the tenor of the agreements under which
such concerns may be conducted : and whereas the objections which formerly existed
against the exemption of the goods, provided on account of the Company's investment,
in the province of Benares, from the payment of duties at the custom houses, within
that province, have ceased to exist, in consequence of the agreement concluded on
the 27th of October 1794, with the Rajah of Benares, regarding the appropriation
of the surplus revenue of the said province ; the following rules have been enacted,
and are to be in force in the province of Benares from the date of their promulgation.

A. D. 1805. REGULATION IV.

Regulation XXXI, 1793, extended to the province of Benares; with alterations and modifications, regarding weavers and others providing goods for the investment contained in Regulation V, 1800, and IX, 1801, as far as they are applicable to Benares.

Rowannahs to be taken out for the Company's investment; such goods not liable to duty.

II. The rules contained in Regulation XXXI, 1793, are hereby declared to extend to the province of Benares, with the alterations and modifications, regarding the weavers, and others employed in the provision of the Company's investment, contained in Regulations V, 1800, and IX, 1801; as far as the same are applicable to the province of Benares.

III. Commercial residents or agents, and others employed to provide goods for the Honorable Company's investment, shall take out rowannahs to accompany the goods, which are to pass a custom house station. Such rowannahs shall be granted upon official application for them being made in writing to the collectors, but no customs, commission or fees shall be levied on such goods. (z)

(*) Repeated in Regulation IX, of 1810, Section XX. See how collectors of government customs are to act, when goods stated to belong to the Honorable Company, may not correspond with the rowannah, in Section XXIII, Clause II, of that Regulation.

A. D. 1805. REGULATION V.

A REGULATION for forming the settlement of the land revenue of the provinces ceded to the Honorable the English East India Company by the Nawaub Vizier, for the years 1213, 1214, and 1215, of the Fusly era.—PASSED by the Governor General in Council on the 22d of April 1805, corresponding with the 11th Bysaak 1212 Bengal era; the 9th Bysaak 1212 Fusly; the 11th Bysaak 1212 Wilaity; the 8th Bysaak 1862 Sumbut; and the 21st Mohurrun 1220 Higeree.

WHEREAS it is prescribed in the second article of the proclamation published by the honorable the late Lieutenant Governor and the Board of Commissioners for the affairs of the provinces ceded by His Excellency the Nawaub Vizier to the honorable the English East India Company, (the rules contained in which proclamation have been confirmed, with certain modifications, by Section XXIX, Regulation XXV, and Section LIII, Regulation XXVII, 1803) that the second triennial settlement of the land revenue in those provinces, commencing with the year 1213 of the Fusly era, shall be concluded with an increase, to be calculated in the proportion of two thirds of the difference between the annual amount of the first triennial settlement concluded for the years 1210, 1211, and 1212, and the actual yearly produce of the land at the period of the expiration of the said settlement: and whereas the severe drought which generally prevailed in the ceded provinces in the year 1211 has subjected the landholders, and farmers, and cultivators of land, in the said provinces, to considerable losses, and consequently deprived them of the means of extending the cultivation of their lands in a degree sufficient to afford a reasonable expectation, that the produce of the lands will be adequate to the payment of the aforesaid increase on the jumma of the first triennial settlement: and whereas the demand of the said increase, under such circumstances, might expose the landholders and cultivators to distress, and might prove injurious to the agriculture and commerce of the country in general, and ultimately to the interest of the government: and whereas the Governor General in Council is at all times desirous of manifesting to the inhabitants of the ceded provinces the solicitude of the British government for the advancement of their happiness and welfare; the following rules have been enacted. (a)

(a) Since the second triennial settlement, to which this Regulation refers, there have been a third quinquennial settlement, a fourth quinquennial settlement, and the existing fifth quinquennial settlement, which last commenced with the Fusly year 1225, and will end with the Fusly year 1229, regarding the terms and conditions of which, see Regulation XVI, of 1816. See also Regulation V, of 1808, explaining and declaring the intent and meaning of certain clauses in the existing Regulations, respecting the settlement of the land revenue in the Ceded and Conquered Provinces.

A. D. 1805. REGULATION V.

Rules contained in the second article of the proclamation published, under date the 14th July 1809, for the formation of the second triennial settlement of the revenue in the ceded provinces, commencing with the year 1213 F. S. rescinded.

The following rules prescribed for concluding the ensuing settlement, commencing with the year 1213 F. S.

The settlement for the years 1213, 1214, and 1215, to be concluded with those landholders and farmers who shall have fulfilled their engagements for the three preceding years, at the annual jumma payable by them under the first triennial or other settlement, expiring with the year 1212 F. S.

Landholders and farmers who shall have obtained remissions, and who shall have discharged the jumma of their estates or farms, with the exception of such remissions, shall be considered to have fulfilled their engagements.

In instances in which the first triennial settlement shall have been concluded at an annual increase, the ensuing settlement shall be concluded at the jumma payable for the year 1212.

If any landholder or farmer shall decline entering into engagements for the

II. The rules contained in the second article of the proclamation published by the honorable the late Lieutenant Governor and the Board of Commissioners for the affairs of the provinces ceded by the Nawab Vizier to the English East India Company, under date the 14th of July 1802, (and confirmed, with certain modifications, by Section XXIX, Regulation XXV, and Section LIII, Regulation XXVII, 1803,) which direct that the second triennial settlement of the land revenue ordered to be concluded in those provinces, and commencing with the year 1213 of the Fusly era, shall be increased in the proportion of two-thirds of the difference between the annual amount of the first triennial settlement concluded for the years 1210, 1211, and 1212, and the actual yearly produce of the land at the period of the expiration of the said settlement, are hereby rescinded; and the following rules are prescribed for concluding the ensuing triennial settlement of the land revenue in the ceded provinces for the years 1213, 1214, and 1215 of the Fusly era.

III. In all instances (with the exceptions specified in Section VII) in which the zemindars, or other landholders, or the farmers of land, with whom the settlement was concluded for the years 1210, 1211, and 1212 Fusly, or with whom a settlement shall have been concluded at any period of time during those years, shall have fulfilled their engagements with government, the settlement of their estates or farms, for the ensuing three years, 1213, 1214, and 1215 Fusly, shall be concluded with such zemindars, landholders, or farmers, at the same annual jumma as was payable by them, under the first triennial or other settlement, expiring with the current year 1212 Fusly.

IV. All zemindars, or other landholders, or farmers of land, who shall have obtained remissions from government, on account of drought, or other cause, shall be considered to have fulfilled their engagements, provided they shall have discharged the whole amount of the jumma of their respective estates or farms, with the exception of the amount of such authorized remissions.

V. In instances in which the first triennial settlement for the years 1210, 1211, and 1212 Fusly, shall have been concluded at an annual increase, under the orders of the late Lieutenant Governor and the Board of Commissioners, adverted to in Clause First, Section XXX, Regulation XXV, 1803, instead of an equal, annual, jumma, as prescribed by the original rules for concluding the settlement of the land revenue in the ceded provinces, the ensuing triennial settlement, for the years 1213, 1214, and 1215 Fusly, shall be concluded at the jumma payable on account of the current year 1212 Fusly.

VI. If any zemindar, or other landholder, or farmer of land, shall decline entering into engagements for the ensuing triennial settlement, on the terms prescribed

prescribed by this Regulation, the Governor General in Council reserves to himself the power of authorizing the conclusion of the settlement of the lands comprised in the estates or farms of such landholders or farmers, for the years 1213, 1214, and 1215 Fusly, or for any proportion of the said period, with any other person or persons who shall be willing to enter into engagements for the payment of the revenue of the said lands.

ensuing settlement on the terms prescribed by this Regulation, the Governor General in Council reserves to himself the power of concluding the settlement with any other person or persons willing to enter into engagements on the prescribed terms.

VII. Nothing contained in this Regulation shall be considered to affect any settlements which shall have been actually concluded for the whole or any part of the ensuing three years 1213, 1214 and 1215 Fusly; neither shall any part of this Regulation be construed to preclude the operation of the rule prescribed by Section XXXIII, Regulation XXV, 1803, under which the zemindars, independent talookdars, and other actual proprietors of land, whose lands have been let in farm, are entitled, at the expiration of the present triennial settlement ending with the year 1212 Fusly, to be re-instated, under the general Regulations prescribed for such cases, in the management of their estates, upon their agreeing to the payment of the assessment required from them.

Settlements actually concluded for any part of the years 1213, 1214, and 1215, to remain in force.

The operation of Section XXXIII, Regulation XXV, 1803, not precluded by any part of this Regulation.

A. D. 1805. REGULATION VI.*

A REGULATION *for abolishing the duties levied by government on goods and other articles, sold in the bazars and gunges, in the provinces ceded by the Nawaub Vizier to the Honorable the English East India Company; and in the conquered provinces, situated within the Dooab and on the right bank of the river Jumna; including the territory in Bundelcund, ceded to the Honorable the English East India Company by the Peishwah; and for establishing duties on certain articles imported into the cities and principal towns, situated within the provinces and territory aforesaid, in lieu of the duties abovementioned.*—PASSED by the Governor General in Council, on the 27th of June 1805; corresponding with the 15th Assaur 1212 Bengal era; the 15th Assaur 1212 Fusly; the 15th Assaur 1212 Willaity; the 1st Assaur 1862 Sumbut; and the 28th Rubbee-ul-awul 1220 Higeree.

WHEREAS the Governor General in Council, by Regulation XXXVIII, 1803, abolished all the internal duties, coming under the denomination of sayer, rahdarry, zemindarry, or other denomination, which were formerly levied on goods or merchandize of any description, in the provinces ceded by the Nawaub Vizier to the Honorable the English East India Company, with the exception of the established duties levied by government in the bazars and gunges in those provinces: And whereas the continuance of the duties levied, on account of government, on goods and other articles sold in the bazars and gunges in the provinces aforesaid, is authorized by Section XIX, Regulation XI, 1804: And whereas it appears, from the reports of the several collectors of the revenue in the said provinces, that the duties levied by government in the bazars and gunges in the provinces aforesaid, both from their number and amount, and from the means afforded for the exercise of oppression and extortion on the part of the native officers employed in the collection of them, are extremely injurious to the commerce and agriculture of the country, and operate as a severe and heavy burthen upon the country: And whereas, by the first article of the proclamation, relative to the settlement of the land revenue in the provinces ceded by the Nawaub Vizier to the Honorable the English East India Company, published on the 14th day of July 1802, by the Honorable the late Lieutenant Governor and the Board of Commissioners, as well as by Clause Thirteenth, Section LIII, Regulation XXVII, 1803, it is provided, that all engagements for the land revenue, entered into with government, shall be exclusive of sayer duties, and of all other collections not connected with the land revenue: And whereas, by Clause Second, Section XXXV, Regulation XXV, 1803, a power is reserved to the Governor

* The whole of this Regulation is rescinded by Regulation X, of 1810, Section 11.

A. D. 1805. REGULATION VI.

General in Council of establishing any internal duties, or taxes, in the said provinces, and to appoint officers, on the part of government, to collect the same: And whereas, by the same clause, it is expressly declared, that no proprietor of land shall be entitled to participate in the said duties, or taxes, or to make any claim for remission of assessment on account of the same: And whereas it is essential to the promotion of commerce, and to the relief of the inhabitants, that the duties now levied by government in the bazars and gunges throughout the ceded provinces should be abolished, and that, in lieu of such duties, town duties should be established, to be levied on the importation of certain articles into the cities and principal towns situated within the said provinces: And whereas it is equally expedient, that the duties levied by government in the bazars and gunges in the conquered provinces in the Dooab and on the right bank of the river Jumna, and in the territory ceded to the Honorable the English East India Company in Bundelcund by the Peishwah, should be likewise abolished, and that established town duties should be levied in lieu thereof; the following rules have been accordingly enacted.

Duties levied by government in the bazars and gunges in the ceded provinces, to be abolished from the commencement of the Fusly year 1213.

II. It having been provided, by the proclamation published by the Honorable the late Lieutenant Governor and the Board of Commissioners in the ceded provinces, under date the 14th of July 1802, that all engagements for the land revenue entered into with government shall be exclusive of sayer duties, and all other duties not connected with the land revenue; and the settlement of the land revenue in those provinces having been formed on the principle abovementioned; zemindars and other actual proprietors of land, paying revenue to government, are not entitled to any compensation, on account of abolition of the sayer duties formerly levied by them in the bazars and gunjes situated within their respective estates. As the settlement of the land revenue in the conquered provinces in the Dooab and on the right bank of the river Jumna, and in the territory ceded to the Honorable the English East India Company in Bundelcund, will be formed upon the abovementioned principle, from the commencement of the year 1213 Fusly, the zemindars and other actual proprietors of land, in those territories, paying revenue to government, will be also precluded from demanding any compensation, on account of the abolition of the duties in question, after the settlement shall have been concluded. It is, however, hereby declared to be the intention of government, to make an equitable compensation to the proprietors of lakheraje or rent free lands, adequate to the profit arising from all duties collected by them in bazars and gunjes, situated within their respective tenures, either under due authority, or by usage commencing previously to the Company's acquisition of the ceded or conquered provinces, according as the land may be situated in those provinces respectively. Persons who have hitherto exercised the privilege of collecting gunge and bazar duties on lakheraje land are accordingly required, in order to enable government to determine the amount of the compensation to be made to them, to exhibit before the collectors, within twelve months from the date of a public notice to be issued by the collectors to that effect, the titles by which they have levied the gunge and bazar duties collected by them respectively, or proof of their having established the same before the land held by them became subject to the authority of the British government, together with an account of the annual gross and neat produce of such duties for the ten preceding years, or for as many years of that period, not less than five, the accounts of which can be furnished by the parties concerned.

Second. The collectors, on exhibition of the vouchers and proofs offered, shall enter into a full examination of the same, and shall transmit their proceedings to the Board of Revenue, accompanied by an abstract of the gross and neat produce, in every instance in which they shall be of opinion that the right of collection appears to have been established. In such cases, the collectors shall also state their opinion respecting the amount of the compensation to which they shall consider the claimants to be entitled, regulating the same by taking an average of the neat produce

produce stated in the past accounts for as many years as the accounts can be procured not exceeding ten. On the receipt of the reports required, and after calling for any further information which may be necessary, the Board of Revenue shall forward the same, with their opinion on each case, to the Governor General in Council, who will determine on the right of the several parties to compensation, as well as on the mode of making the same.

All claims of the above nature to be reported by the Board of Revenue to the Governor General in Council.

Third. The amount of the compensation to be granted to the holders of the sayer abolished in lakheraje lands, after a determination on their right thereto, in the mode directed by this section, shall be discharged, in quarterly proportions, by the collector of the zillah in which the gunge or bazar, yielding the sayer abolished, may be situated.

The amount of compensations granted under this section to be paid quarterly by the collectors.

Fourth. In the event of there being any proprietors of petty bazars and gunges in lakheraje land, situated within the ceded or conquered provinces, whose subsistence has been chiefly drawn from the collections now abolished, and who may be subjected to distress or inconvenience, unless some provision be made for them, during the period which may elapse previously to the adjustment of the compensation to be allowed them, the collectors are empowered, on proof of the situation of persons so circumstanced, to make them such monthly allowance as may appear advisable, to be deducted from the amount of the compensation to which they may finally appear entitled; provided that, in no case, the monthly allowance so given exceed the estimated monthly neat produce of the duties hitherto received by the parties respectively.

Collectors authorized to provide for the support of holders of the sayer duties abolished, in certain cases, to obviate personal distress or inconvenience.

XLI. The courts of judicature shall not take cognizance of any claims to compensation, on account of the sayer duties abolished by this Regulation, or by any other Regulation, printed and published in the manner prescribed by Regulation I, 1803. In cases in which the compensation, on account of the abolition of the gunge and bazar duties in lands exempted from the payment of revenue, shall have been finally adjusted with the sanction of the Governor General in Council, and payment of the amount which may be due under such adjustment shall be withheld from the person entitled thereto, the courts of adawlut are empowered to take cognizance of any suit which may be preferred to them for obtaining payment of the amount. If the payment shall have been withheld, pursuant to orders from the Governor General in Council, or the Board of Revenue, the judge, previously to proceeding to the trial of the suit, shall forward the petition of the complainant to the Governor General in Council, in the same manner as is directed with regard to the cases specified in Section XV, Regulation II, 1803; that if it shall appear to him proper so to do, he may afford redress to the party, without bringing the suit to a trial. Suits instituted against government, under this section, and which may be brought to trial, shall be defended by the collector,

The courts of judicature restricted from taking cognizance of claims to compensation on account of sayer duties abolished. Rule for their conduct in such cases.

who shall commit the pleading of the cause to the vakeel of government; and, in the event of government being cast, or of the collector being dissatisfied with the decision, he shall report the circumstances to the Board of Revenue, in order that an appeal may be preferred against the decision, if deemed advisable.

A. D. 1805. REGULATION VII.

A REGULATION for empowering the Governor General in Council, to grant a temporary exemption to covenanted civil servants of the Company, holding certain offices, from the obligations of that part of the oath prescribed to be taken, by certain descriptions of public officers, which prohibits their being concerned in commercial transactions.—**PASSED** by the Governor General in Council, on the 11th of July 1805 ; corresponding with the 29th Assaur 1212 Bengal era ; the 29th Assaur 1212 Fusly ; the 29th Assaur 1212 Willaity ; the 15th Assaur 1862 Sumbut ; and the 13th Rubbee us-sany 1220 Higree.

WHEREAS covenanted civil servants of the Company, employed in offices in which they are permitted to engage in commercial transactions, on their own account, are occasionally removed to offices in which the being concerned in such transactions is prohibited by the oath prescribed to be taken by persons holding such offices: and whereas instances have occurred, and may hereafter occur, in which the compelling covenanted civil servants so situated immediately to relinquish their commercial concerns, would expose them to considerable loss and inconvenience: and whereas it is just and equitable, that such civil servants should be allowed a reasonable period of time for the adjustment of their commercial concerns, in cases in which such indulgence can be granted, without detriment to the public service; the following rule has been enacted, to be in force in the several provinces subject to the immediate government of the presidency of Fort William in Bengal.

II. In instances in which a covenanted civil servant of the Company, not holding any public office, or holding any public office in which he is not restricted from engaging in commercial transactions by any Regulation printed and published in the manner prescribed by Regulation XLI, 1793, and Regulation I, 1803 ; shall have engaged in any commercial transactions, and, subsequently to his engaging in such transactions, shall be appointed to an office in which he is prohibited by any Regulation printed and published as aforesaid, from engaging in commercial concerns, it shall be competent to the Governor General in Council, by an order in council, whenever he shall see good and sufficient reason for affording such relief, to grant a temporary exemption to such civil servant, from subscribing to that part of the oath prescribed by the Regulations to be taken by covenanted civil servants of the Company who may be appointed to exercise certain public offices, whereby they are restricted from being concerned in any commercial transaction whatever; and it shall be competent to the Governor General in Council to grant such exemption, for such period of time as he shall

shall judge reasonable, for enabling such civil servant to bring his commercial concerns to a termination.

Applications for such indulgence to be made to the Governor General in Council, who will refer the same to the Board of Trade, for report.

III. Whenever a civil servant shall be desirous of availing himself of the benefit of this Regulation, he shall state, in writing, to the Governor General in Council, the nature of the commercial transactions in which he is engaged, and the name or names of the place or places at which they are conducted ; and the Governor General in Council will refer such statement to the Board of Trade, (b) which Board, in instances in which the grant of indulgence shall appear to them to be indispensably necessary, shall report their opinion to the Governor General in Council as to the period which they may deem it would be reasonable to allow such servant to adjust his concerns.

An additional clause to be inserted in the oath, when exemptions shall be granted under this Regulation.

IV. In instances in which a temporary exemption from subscribing the part of the oath in question shall be granted, under this Regulation, a clause shall be inserted in the oath, specifying the nature of the commercial concern in which the servant to whom the exemption may be granted is engaged, the name of the zillah, or place, in which the concern is conducted, and the period at which his interest in such concern shall cease and determine.

In what cases exemptions shall not be granted under this Regulation.

V. Provided, however, that it shall not be competent to the Governor General in Council to exercise the power reserved to him by this Regulation, in cases in which the commercial concerns of such civil servant shall be conducted within the district or place to which the authority of his office, the oath prescribed for which restricts the person holding the same from engaging in commercial concerns, shall extend ; or in cases in which, in the judgment of the Governor General in Council, the official powers of such servant might be improperly employed in aid of such concerns ; or in any cases in which the allowing such servant to be engaged in any commercial concern for a limited period of time, might, in the opinion of the Governor General in Council, prove injurious to the public service. In all such cases, such servant shall immediately relinquish his commercial concerns, and subscribe the established oath prescribed for the office to which he may be appointed, and in which he is prohibited from engaging in commercial concerns ; or, in the event of his declining to subscribe such oath, he shall be removed from his office.

Commercial concerns to be immediately relinquished in the foregoing cases, and the oath to be subscribed. Otherwise, the civil servant will be removed from his office.

(b) Or to the Commissioner in Behar and Benares, or to the Board of Commissioners, according to whose control the civil servant may be engaged.

Fifth. Nothing contained in this Regulation shall be considered to preclude an appeal to the provincial courts of appeal, under Clause Twelfth, Section XII, (x) Regulation IV, 1803, in all cases wherein the appeal open to the judges of the zillah courts, from the decisions passed by their registers, or by any of the native commissioners, may be refused by the zillah courts, on any ground of delay, informality, or other default in preferring it; or, after admission, may be dismissed on the ground of some default, without investigation of the merits of the cause.

The latter adjournment (or Mohurru vacation) shall commence on the first day of the month of Mohurru, and continue for fifteen days. A. D. 1805. REGULATION VIII.

Regulations VI, VII, VIII, XX, XXXV, and LIII, 1803, and Regulation III, 1804, already extended to the conquered provinces by Regulation IX, 1804. Regulation III, 1805, extended to the zillahs specified in Section III. The following provisions to be in force in the ceded and conquered provinces.

Circuits to be postponed, when the dates for commencing them shall fall within the period of the Mohurram vacation.

But no jail delivery to be postponed after the commencement of the circuit.

Provision for holding a monthly jail delivery of zillah Bareilly.

To be held by the senior judge of the court of circuit, (with the sanction of the Nizamut Adawlat) where neither of the other judges shall be present.

XIV. First. Regulations VI, VII, VIII, XX, XXXV, and LIII, 1803, and Regulation III, 1804, have been already extended to the zillahs specified in Section III, by Regulation IX, 1804. Regulation III, 1805, is also hereby declared to extend to the said zillahs : and the following further provisions are enacted, to be in force in the ceded and conquered provinces.

Second. The courts of circuit for the divisions of Bareilly and Benares being required, by Regulation VII, 1803, and Regulation II, 1804, to commence their half yearly circuits on the 1st of January and the 1st of July of each year ; and, as these dates may occasionally fall within the period of the Mohurram vacation authorized by Section XIII ; when this may occur, the commencement of such circuit shall be postponed, until the expiration of the fixed period for the vacation, or as long as the magistrates of the zillahs, where the first jail delivery is to be held, may, on a reference from the court of circuit, state to be necessary on this account : but, after the actual commencement of the circuit, no jail delivery shall be postponed, on account of such vacation ; nor shall the attendance of any person required before the court of circuit be dispensed with on account of the vacation.

Third. The jail delivery of zillah Bareilly shall be held monthly, at the commencement of each English month, before the second or third judge (d) of the court of circuit who may be present ; or, if both the second and third judges (d) should be present, before them alternately ; such jail delivery, if there be only one judge present besides the senior judge, to be held on the days whereon the court of appeal may not sit. (e) But, when the first of the month shall fall on Sunday, the court of monthly jail delivery, directed to be held in zillah Bareilly under this clause, shall not be opened until the Monday following ; nor shall any of the courts of circuit sit on Sunday, on any occasion whatsoever. (f)

Fourth. If, in any instance, neither the second or third judge (g) shall be present at the sudder station, to hold the monthly jail delivery directed in the preceding clause ; or, if the second or third judge (g) who may be present, should, at any time, be prevented by indisposition, or other cause, from holding the prescribed jail deli-

(d) Each of the provincial courts of appeal and circuit, consists now of four judges instead of three. See Regulation V, 1814, Section II, and modified by Section III, Clause II, thereof, with respect to the judge who should hold the jail delivery.

(e) In consequence of separate sittings of the provincial courts of appeal being now authorized by the Regulations, this sentence has become quite superfluous.

(f) Construction by the Nizamut Adawlat, 31st March, 1814. By commencing the jail deliveries of the city early in each month, in the generality of cases wherein further evidence might be required, the judge would be able to procure it in sufficient time to admit of his completing the trial before the close of the month ; but that should circumstances occur to render it impracticable for the judge holding a monthly jail delivery to dispose of any particular trial by the end of the month, such trial ought to be postponed for the judge whose duty it may be to hold the session for the ensuing month. Also any miscellaneous business not completed before the end of the month, should be made over to the judge holding the jail delivery for the following month.

(g) Each of the provincial courts of appeal and circuit, consists now of four judges instead of three. See Regulation V, 1814, Section II.

very at the regular period, and the senior judge of the court of circuit shall be present, the court of Nizamut Adawlut, to whom an immediate report shall be made in all such cases, are empowered to authorize the senior judge to hold the jail delivery of zillah Bareilly for the current month, in such manner as may not impede his discharge of the duties which he is required to perform in the provincial court of appeal, during the absence of the other judges.

Fifth. (h) Provision is made, by Section XXIII, Regulation VII, 1803, for the punishment of guards, in charge of convicts who may have escaped, and, in certain cases, for committing or holding such guards to bail for trial before the court of circuit. This provision is extended to guards in charge of prisoners who may escape from their custody, whether before or after conviction; but shall not be considered applicable to military guards from the provincial battalions, (while such battalions shall continue subject to military law) or from any regular corps of the army. Whenever it shall appear to a magistrate, that a guard furnished by a provincial battalion, or by any regular corps of the army, has been guilty of wilful neglect in guarding the prisoners under his charge, or in conniving at the escape, or the attempt to escape, of any prisoner, or of any other act of a criminal nature in the discharge of his duty, the magistrate shall cause the offender to be delivered over to the officer commanding the provincial battalion, or the detachment to which he may belong, with a charge in writing, that he may be tried, and punished, on conviction, by a court martial.

Sixth. The mode of proceeding against military guards, directed in the preceding clause, shall be observed, with respect to any other offence involving a breach of military duty, and properly cognizable by courts martial; but shall not be held applicable to any criminal charge against such guards or other sepoys, whether belonging to the provincial battalions or regular corps of the army, which may not involve a breach of military duty, and the cognizance of which may therefore appertain to the civil courts.

Seventh. Section XXXI, Regulation VII, 1803, and such part of Section VI, Regulation XV, 1803, as provide rules for the judges of the provincial court of appeal, when a judge of that court shall be desirous of absenting himself from his station, are hereby rescinded. Whenever a judge of the provincial court of appeal and court of circuit, for the division of Bareilly, shall hereafter be desirous of quitting his station, on any account whatever, he shall apply to the Governor General in Council, in the same manner as the zillah judges and magistrates are required to make such applications by Section XXIII, Regulation II, 1803; and, excepting in cases of emergent indisposition, shall not leave his station, until such permission

(h) This and the following clause have been re-enacted for the rest of the territories subject to the presidency of Fort William in Bengal, by Regulation XI, 1806, Section X. Fourth. Section XIX, Regulation XII, 1803, whereby the judges of the zillah courts were empowered to refer to their register appeals from the decisions of the native commissioners appointed under Regulation XVI, 1803, provided the property in dispute should not exceed twenty five sicca rupees, and the decrees of the registers thereon are declared final, is hereby rescinded. Decisions passed by the registers upon such appeals, previously to the receipt of this Regulation, shall, however, remain in force, (subject to the discretionary revision of the judge authorized by Section IX, Regulation XII, 1803); and all such appeals which may have been referred by the judges of the zillah courts to their registers, and shall be depending before the latter, on the receipt of this Regulation, may, at the option of the judges, be left to the decision of their registers, subject to an appeal to themselves, under the preceding clause of this section; or the judges may recal from their registers the reference of such depending appeal, and determine the same themselves; or direct a new trial, under the provisions contained in this Regulation.

Fifth. The judges of the zillah courts are also, at all times, authorized to recal from their registers any suits referred to them, under the present and former Regulations, which may not have been decided by their registers; and which, for the more speedy administration of justice, or for any other reason, they may deem it proper to try and determine themselves in the first instance; or to refer for trial to a native commissioner, if the suit be referrible to such, under the Regulations.

Second. (m) Section XXI, Regulation III, 1803, requiring that all orders and process of the zillah courts be sealed with the seal of the court, and signed by the judge, it has been doubted, whether the judges can authorize their registers to sign the process of court for summoning witnesses to appear before the native commissioners, under the provisions

They are also generally empowered to employ their registers and assistants in signing and issuing any process of court, which they may judge proper to be signed and issued by them; and to which the signature of the judge may not be specially required by any Regulation.

Fourth. The judges of the zillah courts may likewise permit their registers to cause the depositions of witnesses, in causes referred to them, to be taken before their assistants, or any principal native officer, in the mode and under the restrictions specified in this section; whenever, from the number of causes depending before their registers, it may appear to them indispensably necessary for the speedy determination of such causes. But this power shall not be exercised by any register, without the permission of the judge, communicated to him by a written precept; which shall, at all times, be revocable, when the judge may consider it no longer necessary to continue to his register the permission thereby granted.

XVIII. First. It is therefore hereby declared, that any person being a landholder or farmer of land, so offending, will be liable to the penalties prescribed by Sections XXII, XXIII, XXIV, XXV, XXVI and XXVII, Regulation XXVII, 1803, under the provisions therein specified. If the offender shall not be a landholder, or farmer of land, he will be liable to the penalty prescribed in Section XXVIII of the said Regulation. XI. ART. X. With respect to such lands as are without proprietors, or the proprietors of which may decline entering into engagements, a village settlement shall be concluded, for three years, from the commencement of the year 1213, or the year 1214 Fusly, according as the settlement may be concluded in the provinces ceded by Dowlut Rao Scindiah, or in the territory ceded by the Peishwah, at a fixed, equal, annual, jumma; with the reservation contained in the concluding part of the second article relative to forming the settlement, in certain cases, at an annual increase. In instances in which a village settlement shall be concluded in Bundelcund, at the commencement of the year 1213 Fusly, such settlement shall be formed only for one year. In all cases of the description mentioned in this article, a preference will be given to the mocuddums, purdhauns, or respectable ryots, of the several villages.

XII. ART. XI. In instances in which neither proprietors nor farmers shall be forthcoming, or in which they shall not tender suitable conditions of agreement, a khaus or bowlee settlement shall be concluded with the ryots for lands in such predicament; stipulating the shares to be received by the ryots, from the different description of land, as follows: in politch lands, or such as are in full cultivation, government shall receive five pusserees, and the ryot three pusserees: in chunchur lands, or such as have not been cultivated for two or three years, government shall receive two, and the ryot six pusserees: in bunjur, or waste lands, government shall receive one, and the ryot seven pusserees. Chunchur lands, after one year, and bunjur lands, after two years, shall be considered equal to politch. Bunjur lands, after one year, shall be considered equal to chunchur. In khaus settlements, the bhaint, or nuzzerana, shall be abolished. The wages of the putwarries shall be paid by the ryots; but the expense of the mussahut, or measuring, and valuing the crops, shall be defrayed by government, in consideration of the additional pusseree received out of the politch crop. In all cases when crops are valued, the valuation shall be determined by the price current of the day. In khaus settlements, the ryots shall engage, that the cultivation of the lands shall not fall off; and that they shall not undertake the cultivation of new lands until they have accomplished that of the land already engaged for by them.

A. D. 1805. REGULATION IX.

XIII. ART. XII. All authorized abwauhs shall be consolidated and incorporated with the land rent, and expressed in the pottahs and cabooleats; and nothing but what is there expressed shall be collected from the ryots or under-renters.

All authorized abwauhs to be consolidated with the land rent, and expressed in the pottahs and cabooleats.

XIV. ART. XIII. All persons who may enter into engagements for the settlement, shall bind themselves, by written obligations, to grant pottahs, of the above description, to their ryots and under-renters of every description; specifying the amount to be paid by such ryots and under-renters respectively; and counter engagements shall be executed by the ryots and under-renters of a similar tenor and purport.

Persons entering into engagements to grant pottahs of the above description to the ryots shall execute counter engagements.

XV. ART. XIV. All persons who may enter into engagements with government, shall previously give security for the fulfilment thereof, in an amount equal to one-fourth of their annual jumma.

Security to be given by persons entering into engagements with government, equal to one-fourth of the jumma.

XVI. ART. XV. In concluding the settlement of the land revenue, in the territories mentioned in this proclamation, at the commencement of the year 1213 Fusly, the allowance of nankar to such of the zemindars as may engage for their lands, shall be regulated by deducting the amount of the nankar from the jumma, and taking engagements from the zemindars for the neat residue; provided that the deduction for nankar shall not, in any instance, exceed ten per cent on the neat jumma.

In concluding the settlement, the nankar to be deducted from the jumma, if not exceeding ten per cent.

XVII. ART. XVI. Persons having claims to lands, for which engagements have been entered into with the present possessors, and who shall not prefer their claim to regain possession of the same within six months from the date (as recorded in the respective zillahs) of issuing this proclamation, shall not be entitled to be restored to the actual possession of such lands, before the expiration of the year 1213 Fusly, if the lands are situated in the zillah of Bundelcund; or before the expiration of the first triennial lease, ending with the year 1215 Fusly, if the lands are situated in the zillah of Allyghur, the northern or southern division of the zillah of Saharunpore, or the zillah of Agra. Persons preferring such claims, in the zillah of Bundelcund, after the expiration of the year 1213 Fusly, and before the conclusion of the first triennial lease in that zillah, ending with the year 1216 Fusly, shall not be entitled to regain possession of the lands claimed by them, until such lease shall expire. Persons who shall not prefer their claims, before the expiration of the first lease of three years; that is to say, before the commencement of the year 1216 Fusly, in the zillah of Allyghur, the northern or southern division of the zillah of Saharunpore, or the zillah of Agra; or before the commencement of the year 1217 Fusly, in the zillah of Bundelcund; shall not be entitled to regain possession of the lands claimed by them, until the expiration of the ten years, or the commencement of the year 1223 Fusly. But this rule shall not be considered to restrict persons from preferring their claims, at any time within the ten years.

Rules respecting the claims of persons having claims to lands, who shall not prefer the same within certain periods.

A. D. 1805. REGULATION IX.

Report to be made to the Board of Revenue, when a collector shall judge it expedient to conclude a settlement with a zemindar: proceedings to be held on the occasion.

XVIII. ART. XVII. In instances in which a collector shall judge it to be inexpedient to conclude a settlement with a zemindar, he shall hold proceedings on the subject, detailing at large, his reasons for rejecting the claim, with whatever information he may have obtained respecting such zemindar; at the same time, receiving the zemindar's answer to the objections urged to his claim. The collector shall then transmit the whole of his proceedings to the Board of Revenue, (b) and shall await their determination thereon.

Large zemindaries not to be entrusted to zemindars.

XIX. ART. XVIII. The collectors shall not, in any instance, entrust the settlement, or the collection, of the revenues of a considerable zemindary to a tehseeldar. The settlement of all zemindaries of the above description shall be concluded immediately by the collectors, to whom the revenue of such zemindaries shall also be immediately paid. In like manner, the collectors shall conclude the settlement, and receive immediately into their respective treasuries, the collections of all other lands which they can bring under their immediate superintendence, without detriment to their general avocations.

The settlement and collections of all other lands to be likewise managed by the collectors in all practicable cases.

Rent of considerable farms to be paid immediately into the treasuries of the collectors, in certain cases.

XX. ART. XIX. In instances in which lands to a considerable amount shall be let in farm, to one individual, and government shall be of opinion, from the report of the Board of Revenue, (b) that the other avocations of the collector will admit of the measure, the rent of such farm shall be paid immediately into the treasury of the collector, instead of being received through the channel of a tehseeldar.

Explanation of the third and fourth articles of this proclamation, respecting the rule to be adopted in adding to the jumma a portion of the increased produce, in concluding the future settlements.

XXI. ART. XX. With the view of obviating any misconception of the rule to be adopted, in adding to the jumma a portion of the increased produce, in concluding the settlements to be formed, at the commencement of the Fusly years 1216 and 1219, or 1217 and 1220, (according as the settlements shall be concluded in the provinces ceded by Dowlut Rao Scindiah, or in the territory ceded by the Peishwa;) it is hereby declared, in explanation of the third and fourth articles of this proclamation, that the amount of the nankar, to which the zemindars will be entitled, conformably to the engagements entered into by them, under this proclamation, shall be deducted from the actual yearly produce of their estates, at the time of the expiration of each lease, and the actual increase of public revenue, to be assessed agreeably to the articles above specified, shall be calculated on the amount of the difference between the actual net produce, after such deduction, and the annual amount of the former lease. It is, at the same time declared, that the portion of the increased produce, relinquished to the zemindars under the above mentioned articles, on the formation of the successive settlements, shall be considered as precluding all claim, on the part of the zemindars, to any further proportion of such increased produce, on

account of nankar, in addition to the deduction which will be made and continued to them on this account.

XXII. ART. XXI. A discretionary power is vested in the landholders to grant small portions of land, exempt from the payment of revenue, for the support of their village watchmen, whenever they shall prefer making such grants to paying the watchmen a pecuniary allowance. Such grants, however, shall be resumable, on the death or removal of the persons to whom they may be made; and the lands thus exempted from the payment of rent, as well as any other lands held by public officers or private servants exempt from rent, in lieu of wages, and not forming part of any authorized lakheraje grants, or tenures, within the provisions of Regulations XXXI and XXXVI, 1803, shall be considered to form a component part of the malguzarry lands of the estates to which they may respectively appertain, for the revenue assessed upon which they will consequently be held responsible, in common with all other malguzarry lands included therein.

A discretionary power vested in the landholders to grant small portions of land for the support of village watchmen, exempt from the payment of rent. Such lands resumable, on the death or removal of the persons to whom they may be granted.

And considered responsible for the revenue assessed upon the estates to which they may respectively appertain.

XXIII. ART. XXII. The Governor General in Council hereby notifies to those zemindars, independent talookdars, and other actual proprietors of land, whose lands may be held khaus, or let in farm, in consequence of their refusing to pay the assessment required of them, under this proclamation; that the zemindars, independent talookdars, and other actual proprietors of land, whose lands may be held khaus, shall be restored to the management of their lands, upon their agreeing to the payment of the assessment which shall be required of them, in conformity to the prescribed rules for the settlement of the land revenue; and that the zemindars, independent talookdars, and other actual proprietors of land, whose lands may be let in farm, shall not regain possession of their lands, before the expiration of the period for which they may be farmed, (unless the farmers shall voluntarily consent to make over to them the remaining term of their lease, and the Governor General in Council shall approve of the transfer) but that, at the expiration of that period, upon their agreeing to the payment of the assessment which shall be required of them, they shall be reinstated, under the general Regulations, in the management of their estates respectively.

Proprietors of lands held khaus or let in farm, will be restored to the management of the same, on agreeing to the payment of the required assessment. Restriction with respect to lands let in farm.

XXIV. ART. XXIII. It is well known to the zemindars, talookdars, and other descriptions of landholders, in the provinces situated in the Doobah and on the right bank of the river Jumna, which have been ceded to the Honorable the English East India Company by Dowlut Rao Scindiah and the Peishwah, that from the earliest times, until the present period, the public assessment upon the lands has never been fixed; and that, according to established usage and custom, the rulers of those territories, and their delegates, have exercised a discretionary and despotic authority in depriving them of the possession of their zemindarries, talooks, and other tenures; whereby their right of property therein has become precarious and of little value

value; whilst the lands, from being let in farm to strangers, or otherwise disposed of, have been impoverished; and the tenants and cultivators of the soil have been exposed to rapacity and oppression. With a view of promoting the interests of the landholders, and to enhance the value of their estates; as well as to induce them to encourage their under tenants, and to extend cultivation, under the certainty that they will enjoy the fruits of their industry and good management; the Governor General in Council has, by the rules contained in the preceding articles of this proclamation, not only directed a settlement to be immediately made with the zemindars and other proprietors of land, who shall be willing to engage for the revenue of their respective estates, but has also declared, that a permanent assessment shall be fixed, at the end of ten years, on such lands as shall be in a state of cultivation sufficiently advanced to render it proper to fix the assessment on the same in perpetuity; and the Governor General in Council further declares the proprietary rights of all zemindars, talookdars, and other descriptions of landholders possessing a right of property in the lands composing their zemindarries, talooks, or other tenures, to be confirmed and established, under the authority of the British government, in conformity to the laws and usages of the country, and to the Regulations which have been, or shall be hereafter enacted by the Governor General in Council.

The following declarations published to proprietors of land.

XXV. ART. XXIV. To prevent any misconstruction of the declaration contained in the foregoing article, the Governor General in Council deems it to be necessary to publish the following declarations to the zemindars, independent talookdars, and other actual proprietors of land.

Government to enact such Regulations as they may think necessary for the welfare of the dependent talookdars, and cultivators; and proprietors not to withhold the revenue on that account.

First. It being the duty of the ruling power to protect all classes of people, and more particularly those who, from their situation, are most helpless, the Governor General in Council will, whenever he shall deem it proper, enact such Regulations as he shall judge to be necessary, for the protection and welfare of the dependent talookdars, ryots, and other cultivators of the soil; and no zemindar, independent talookdar, or other actual proprietor of land, shall be entitled, on this account, to make any objection to the discharge of the assessment on their lands which they have respectively agreed, or may hereafter agree, to pay.

All internal duties that may be hereafter established, so being exclusively to government.

Second. The Governor General in Council having, by Regulation XI, 1804, abolished all the duties coming under the denomination of sayer, rahdarry, zemindarry, or any other denomination, levied on goods or merchandize of any description, with the exception of the established duties levied by government in bazars and gunges, which duties have been since abolished by Regulation VI, (c) 1805, and a town duty established in lieu thereof; and it being provided, by the second article of this proclamation, that all engagements for the land revenue, entered into with government, shall be exclusive of sayer duties, and of all other collections not

connected with the land revenue; the Governor General in Council hereby declares, that, if he should hereafter think it proper to establish any internal duties, and to appoint officers, on the part of government, to collect them, no proprietor of land will be admitted to any participation thereof, or be entitled to make any claims for remissions of assessment on that account.

Third. The Governor General in Council will impose such assessment, as he shall deem equitable, on all lands held exempt from the public revenue, which have been, or shall be, proved to be so held, under illegal or invalid titles. The assessment thus imposed will belong to government; and no proprietor of land will be entitled to any part of it.

Jumma that may be assessed on alienated lands, to belong exclusively to government.

Fourth. The jumma of those zemindars, independent talookdars, and other actual proprietors of land, with whom a settlement shall be concluded, under the terms set forth in the present proclamation, shall be considered exclusive of any allowances which may be made to them, in the adjustment of their jumma, for maintaining tannahs, or police establishments; and also of the produce of any lands which they may be permitted to appropriate for the same purpose; and the Governor General in Council reserve to himself the option of resuming the whole or any part of such allowances, or of the produce of such lands; if he should, at any time, think it to be proper to exonerate the proprietors of land from the charge of keeping the peace, and to appoint officers, on the part of government, to superintend the police of the country. The Governor General in Council, however, declares, that the allowances, or the produce of lands, which may be thus resumed, will be appropriated to no other purpose but that of defraying the expense of the police. (d)

Police allowances in land or money, resumable by government, on the proprietors being exonerated from the charge of keeping the peace.

XXVI. ART. XXV. That no doubt may be entertained, whether it be lawful for proprietors of land to dispose of their estates, without the previous sanction of government, the Governor General in Council notifies to the zemindars, independent talookdars, and other actual proprietors of land, that they are at liberty to transfer, to whomsoever they may think proper, by sale, gift, or otherwise, their proprietary rights, in the whole, or any portion, of their respective estates, without applying to government for its sanction to the transfer; and that all such transfers will be held valid, provided that they be conformable to the Mahomedan or the Hindoo laws, (according as the religious persuasions of the parties to each transaction may render the validity of it determinable by the former or the latter code) and that they be not repugnant to any Regulations now in force, or which shall be hereafter enacted by the British government. It is, at the same time, hereby declared, that no private transfer, by sale, gift, or otherwise, nor any private mortgage or other assessment upon land

Proprietors at liberty to transfer their lands, without the sanction of government.

lands answerable for the revenue assessed thereon.

assessed with the public revenue, will be admitted, in any respect, to affect the indefeasible right of government to hold all such lands answerable, in the first instance, for the public revenue assessed thereupon.

XXVII. ART. XXVI. Whenever an entire estate (viz. the whole of any landed property, for the assessment on which a distinct engagement has been or shall be entered into between government and the proprietor, or which shall be separately assessed, although included in one engagement with other estates belonging to the same proprietor) shall be disposed of, by public or private sale, without any subdivision of such estate, no new allotment of the jumma will be requisite, and the purchaser will succeed to all the rights of the former proprietor in the entire estate. But it is essential, that a declaration should be made of the principles upon which the public assessment, or jumma, charged upon any such estates, will be apportioned on the several divisions of it, in the event of the whole of it being transferred, by public or by private sale, or otherwise, in two, or more lots, or of a portion of it being transferred in one, or in two, or more lots, or of it's being joint property, and a division of it being made among the proprietors. The Governor General in Council has accordingly prescribed the following rules for apportioning the public assessment in the several cases abovementioned; and, as government might sustain a considerable loss of revenue by disproportionate allotments of that assessment, were the apportioning of it, in any of the cases above specified, to be left to the proprietors, it is hereby required, that all such transfers or divisions as may be made, by the private act of the parties themselves, be notified to the collector of the revenue of the zillah in which the lands shall be situated, or such other officer as government shall in future prescribe, in order that the public assessment, or jumma, charged upon the whole estate, may be apportioned on the several shares in the manner hereafter directed; that the names of the proprietors of each share, and the jumma charged thereon, may be entered in the public register; and that separate engagements for the payment of the jumma, assessed upon each share, may be executed by the proprietors, who will thenceforward be considered as proprietors of distinct estates. If the parties concerned in such transfers or divisions of estates shall omit to notify the same to the collector of the revenue of the zillah, or such other officer as shall be hereafter prescribed, for the purposes beforementioned, the whole of the original estate will be held responsible to government, for the discharge of the jumma assessed upon it, in the same manner as if no such transfer or division had ever taken place. The Governor General in Council deems it to be necessary further to notify, in elucidation of the declarations contained in this article, that, if any zemindar, independent talookdar, or other actual proprietor of land, shall dispose of a portion of his or her lands as a dependent talook, or any other under-tenure, to remain as a dependency, subject to the payment of rent to the proprietor of the estate, of which such talook may form a part, the jumma which may

be stipulated to be paid by the dependent talookdar, or other under-tenant, will not be entered in the records of government; nor will the transfer exempt such lands from being answerable, in common with the remainder of the estate, for the payment of the public revenue assessed upon the whole of it, in the event of the proprietor, or his or her heirs, or successors, falling in arrear, from any cause whatever; nor will such transfer be allowed, in any case, to affect the rights or claims of government, any more than if it had never taken place.

First. In the event of the whole estate of a zemindar, independent talookdar, or other actual proprietor of land, with or on behalf of whom a settlement has been, or shall be, concluded, being exposed to public sale, by order of the Governor General in Council, for the discharge of arrears of the public assessment, or in consequence of the decision of a court of justice; in two or more lots, the assessment upon each lot shall be fixed at an amount which shall bear the same proportion to its actual neat produce, as the public assessment upon the whole of the lands sold may bear to the whole of their actual neat produce. The neat annual produce is to be understood to be the neat annual rent, or other neat produce, receivable by the proprietor, after deducting from the gross rent, or other gross produce, the actual expenses of collection, and other usual charges of management, inclusive of the expense of embankments, and similar incidental expenses, where such may be paid by the proprietor from his gross receipts; but exclusive of his malikanah, nankar, or other proprietary income, and all other personal appropriations of the gross produce of his estate, as such can have no claim to consideration, in determining the neat produce for an equal division of landed property, or for the allotment of the public assessment thereon, in conformity to the rules prescribed. The neat produce, as here defined, shall be ascertained in the mode that is, or shall be, prescribed by the Regulations; and the purchaser or purchasers of such lands, and his, her, or their heirs, and lawful successors, shall hold them at the jumma at which they may be so purchased, subject to the general rules in force, at the time of sale, for the periodical or permanent assessment of the land revenue.

actual neat produce.

Second. When a portion of the estate of a zemindar, independent talookdar, or other actual proprietor of land, with or on behalf of whom a settlement has been, or shall be, concluded, shall be exposed to public sale, by order of the Governor General in Council, for the liquidation of arrears of assessment, or pursuant to the decision of a court of justice, the assessment upon such lands, if disposed of in one lot, shall be fixed at an amount which shall bear the same proportion to their actual neat produce, as the assessment upon the whole of the lands of such proprietor, included in the same estate, may bear to the whole of their actual neat produce. If the lands sold shall be disposed of in two or more lots, the assessment upon each lot shall be fixed at an amount which shall bear the same proportion to its actual neat produce,

A. D. 1805. REGULATION IX.

as the assessment upon the whole of the lands of such proprietor, included in the same estate, may bear to the whole of their actual neat produce. The actual neat produce of the whole of the lands of such proprietor, whether the portion of such lands which may be sold be disposed of in one, or in two, or more lots, shall be ascertained in the mode that is or shall be prescribed by the Regulations; and the purchaser or purchasers of such lands, and his, her, or their heirs, or successors, will be allowed to hold them at the jumma at which they may be so purchased, subject to the general rules in force, at the time of sale, for the periodical or permanent assessment of the land revenue.

Third. When a zemindar, independent talookdar, or other actual proprietor of land, with or on behalf of whom a settlement has been, or shall be, concluded, shall transfer the whole of his or her estate, in two or more distinct portions, to two or more persons, or a portion thereof to one person, or to two or more persons in joint property, by private sale, gift, or otherwise, the assessment upon each distinct portion of such estate, so transferred, shall be fixed by the collector, or other authorized officer of government, at an amount which shall bear the same proportion to its actual neat produce as the assessment upon the whole of the estate of the transferring proprietor, of which the whole or a portion may be so transferred, may bear to the whole of its actual neat produce. This produce shall be ascertained in the mode that is, or shall be, prescribed in the Regulations; and the person or persons to whom such lands may be transferred, and his, or her, or their heirs, and lawful successors, shall hold them at the jumma at which they may be so transferred, after the same shall have been duly sanctioned and registered, and engaged for; subject to the general rules in force, at the time of transfer, for the periodical or permanent assessment of the land revenue.

Fourth. Whenever a division shall be made of lands, the settlement of which has been, or shall be, concluded with, or on behalf of, the proprietor or proprietors, and that are or may become the joint property of two or more persons, the assessment upon each share shall be fixed by the collector, or other authorized officer of government, at an amount which shall bear the same proportion to its actual neat produce, as the jumma assessed upon the whole of the estate divided may bear to the whole of its actual neat produce. This produce shall be ascertained in the mode that is, or shall be, prescribed by the Regulations; and the sharers, and their heirs, and lawful successors, shall hold their respective shares at the jumma which may be so assessed upon them, after the same shall have been duly sanctioned, registered, and engaged for; subject to the general rules in force, at the time of the division, for the periodical or permanent assessment of the land revenue.

Rules for adjusting the jumma of lands held khau, or let in farm, in

XXVIII. ART. XXVII. The following rules are prescribed, respecting the adjustment of the public assessment or jumma on the lands of zemindars, independent

dent talookdars, and other actual proprietors of land, whose lands are, or may be, held khaus, or let in farm, by government, in the event of their being disposed of by public sale, or transferred by any private act of the proprietor, or of their being joint property, and a division of them taking place amongst the proprietors.

the event of the whole, or any parts of them being disposed of by public sale, or private transfer, or divided amongst the proprietors.

First. If the whole, or a portion, of the lands of a zemindar, independent talookdar, or other actual proprietor of land, who may not have agreed to the payment of the assessment proposed to him or her, and whose lands are, or shall be, held khaus, or let in farm by government, shall be exposed to public sale, in one, or in two, or more lots, pursuant to the decree of a court of justice, such lands, if khaus, shall be disposed of at whatever assessment the Governor General in Council shall deem equitable; and the purchaser or purchasers of such lands, and his, or her, or their heirs, and lawful successors, shall hold the lands at the assessment at which they shall be so purchased, subject to the general rules in force, at the time of sale, for the periodical or permanent assessment of the land revenue. If the lands, at the time of their being exposed to sale, shall be held in farm, and shall be put up in one, or in two, or more lots; they shall be disposed of under the following conditions. The purchaser or purchasers shall receive, during the unexpired part of the term of the lease of the farmer, whatever such proprietor shall have been entitled to receive, in virtue of his or her proprietary rights, on account of the lands so purchased; and such purchaser or purchasers shall, at the expiration of the lease of the farmer, be put in possession of the lands, on his or their engaging to pay such assessment as government may deem equitable, under the general rules in force for the assessment of the land revenue.

Second. If a zemindar, independent talookdar, or other actual proprietor of land, whose lands are, or may be, held khaus, or let in farm, by government, shall transfer, by private sale, gift, or otherwise, the whole or a portion of his or her lands, in one, or in two, or more lots, and such transfer be legal and valid, under the Regulations, the person or persons, to whom the lands may be so transferred, shall be considered to have succeeded to the whole of the proprietary rights of the former possessor, and will accordingly be entitled to receive any malikanah or nankar, to which the former proprietor was entitled, on account of the lands so transferred. Persons to whom such lands may be so transferred, will stand in the same predicament as the zemindars, independent talookdars, or other actual proprietors of land, mentioned in the eighteenth article, whose lands are held khaus, or have been let in farm, in consequence of their refusing to pay the assessment required of them, under this proclamation; and the declarations contained in that section are to be held applicable to them.

Third. In the event of a division being made of lands which are or shall become, the joint property of two or more persons, and which are, or shall be, held khaus, or let

A. D. 1805. REGULATION IX.

let in farm, by government, the proprietors of the several shares will stand in the same predicament, with regard to their respective shares, as the zemindars, independent talookdars, and other actual proprietors of land, specified in the eighteenth article, whose lands have been let in farm, or are held khaus, by government, in consequence of their having refused to pay the assessment required of them; and the declarations contained in that section are to be considered applicable to them.

Nothing in the two preceding articles to preclude the revision of allotment of the assessment on portions of estates, in cases of evident error, collusion, or fraud.

XXIX. ART. XXVIII. Nothing in the two preceding articles shall be understood to preclude the revision and correction of allotments of the public assessment, upon portions of estates disposed of by public sale, or private transfer, or upon the partition of joint estates, in cases of evident error, collusion, or fraud, for which provision has been made by Regulation XXVI, (e) 1803, prescribing rules for the sale and division of lands paying revenue to government; nor shall any thing in the foregoing section be construed to authorize the collectors, or any other officers of government, to determine finally the amount of the public assessment to be allotted upon the portion of an estate, whether publicly or privately disposed of, or divided between sharers, without the sanction of the Board of Revenue, (f) as more fully provided for by the Regulation abovementioned.

(e) A considerable part of this Regulation has been rescinded by Regulation XIX, 1814, Section II, and other rules enacted in lieu thereof.

A. D. 1805 REGULATION X.*

A REGULATION for amending the constitution of the courts of *Sudder Dewanny Adawlut* and *Nizamut Adawlut* as far as relates to the appointment of the Chief Judge of those courts.—**PASSED** by the Governor General in Council, on the 25th July 1805; corresponding with the 11th Sawon 1212 Bengal era; the 14th Sawon 1212 Fusly; the 11th Sawon 1212 Willaity; the 14th Sawon 1862 Sumbut; and the 27th Rubbee-us-sanee 1220 Higeree.

WHEREAS with the view of providing for the more expeditious and effectual administration of justice in the courts of *Sudder Dewanny Adawlut* and *Nizamut Adawlut*, it was enacted by Regulation II, 1801, that the Governor General and the members of the supreme council should be divested of the judicial powers formerly exercised by them as judges of those courts, and that the administration of justice in the said courts should be committed to three judges, and that the chief judge only should be a member of the supreme council, and that the other two judges should be civil servants of the Company not being members of the supreme council: And whereas the exercise of the functions of chief judge of the said courts by a member of the supreme council is not only liable in a great degree to the objections which exist to the exercise of the functions of judges of those courts by the Governor General, and the members of the supreme council collectively, but is moreover exceptionable on grounds connected with the nature of the relations subsisting between such chief judge as a member of the supreme executive branch of the government, and the Governor General, and the other members of that branch of the government: And whereas the various important and laborious duties of the members of the supreme government render it impracticable for any member of that government to discharge the extensive and arduous duties of chief judge of the said courts: And whereas it is essential for the purpose of giving full effect to the provisions made by the constitution established for the internal government of the British territories subject to the immediate government of this presidency by the Regulations passed on the 1st of May 1793, for ensuring to the people the permanent enjoyment of the inestimable blessing of just laws duly administered, that the separation of the judicial authority from the executive authority in all their respective branches and gradations (which formed a fundamental principle of that constitution,) should be carried into full and complete execution both in form and in practice; the Governor General in Council has enacted the following rules, to be in force from the date of this Regulation.

* The whole of this Regulation is rescinded by Regulation XV, of 1807.

A. D. 1805. REGULATION X.

The chief judge of the courts of Sudder Dewanny Adawlut and Nizamut Adawlut to be selected from among the civil covenanted servants of the Company not being members of the Supreme Council.

II. Such parts of Sections III and X, Regulation II, 1801, as direct that the chief judge of the court of Sudder Dewanny Adawlut, and the court of Nizamut Adawlut, shall be a member of the supreme council, to be selected by the Governor General in Council, is hereby rescinded, and the chief judge of the said courts shall be selected by the Governor General in Council from among the civil covenanted servants of the Company not being members of the supreme council.

A. D. 1805. REGULATION XII.

A REGULATION for the settlement and collection of the public revenue in the zillah of Cuttack, including the purgumnahs of Pattespore, Kummardichour, and Bograe, at present included in the zillah of Midnapore.—PASSED by the Vice President in Council, on the 5th of September 1805; corresponding with the 22d Bhadoon 1212 Bengal era; the 26th Bhadoon 1212 Fushy; the 22d Bhadoon 1212 Willaity; the 12th Bhadoon 1862 Sumbut; and the 10th Jumaadee-us-sany 1220 Hige.

WHEREAS it is necessary, that fixed rules should be established for the settlement and collection of the public revenue in the zillah of Cuttack; and whereas the principles of justice and good faith require, that the declarations made by the late Board of Commissioners, to the several descriptions of zemindars, talookdars, farmers, and other holders of land, should be formally recognised and confirmed: and whereas it has been judged to be advisable to extend the Regulations in force for the settlement and collection of the public revenue in the province of Bengal, with certain modifications and exceptions, to the zillah of Cuttack; the following rules have been enacted, and are to be in force from the period of the promulgation of this Regulation.

II. On taking possession of the country, the Commissioners deemed it to be necessary to adopt the surest means of preserving uninjured the rights of the different landholders in the territory called Mogulbandy, being that part of the zillah of Cuttack, in which, according to established usage, as in Bengal, the land itself is responsible for the payment of the public revenue; and in which every landholder holds his lands subject to the conditions of that usage. With this view, the Commissioners issued a publication, signifying, that all those persons who were in possession of the lands at the close of the Umlee year 1210, (corresponding with the Willaity year 1210,) should continue in possession during the year 1211. The Commissioners also declared all demands for balances of former years to be cancelled, and they ordered the amount of the revenue payable by the respective zemindars on account of the year 1211 Umlee, (corresponding with the Willaity year 1211,) to be ascertained and established according to the rate of the receipts of former years; granting a deduction of the amount of some oppressive abwaubs and other exactions, and allowing for losses sustained by the ryots from the failure of the first crop of that season, and also for such part of the revenue of the current year as had been previously collected by the Mahratta government.

Arrangements adopted by the Commissioners for the settlement of the revenues for the years 1210 and 1211 Willaity, recapitulated and confirmed.

A. D. 1805. REGULATION XII.

III. The arrangements adopted by the Commissioners with respect to the settlement of the revenue for the years 1210 and 1211 Umlee,* (corresponding with the years 1210 and 1211 Wifaity) together with the abatements from the jumma and the remissions of revenue granted by the Commissioners in those years, are hereby confirmed.

Proclamation relative to the land revenue in the Mogulbundy territory, issued by the Commissioners on the 15th September 1804.

IV. The following proclamation relative to the settlement of the land revenue in the Mogulbundy territory of the zillah of Cuttack, was published on the 15th of September 1804, by the Board of Commissioners, in virtue of the powers vested in them.

“ PROCLAMATION.

“ CUTTACK, SEPT. 15, 1804.

“ *First.* Whereas it is the intention of the British government to adopt at the expiration of the present Umlee year, such a plan for the settlement of the landed revenue of the province of Cuttack, as may be most conducive to the prosperity of the country, and to the happiness of the inhabitants: and whereas it is of the utmost consequence to the success of the measure, as well as to the interest of the zemindars, talookdars, and all others concerned, that the nature and terms thereof should be made known as early as possible; notice is hereby given.

“ *Second.* That at the commencement of the Umlee-year 1212, the sayer of every denomination will be separated from the mau or land revenue, and a settlement for the latter only concluded in all practicable cases with the zemindars, or other actual proprietors of the soil (unless when disqualified by notoriously bad character, (k) or other good and sufficient cause,) for a period of one year, it being understood that all zemindars and other landholders, and all candytes, shall for the present, and during the pleasure of government, continue to perform the same duties of police for the prevention of robberies, murders, and crimes of that nature, and for the preservation of peace and good order within their respective limits, and to be subject to the same responsibility as heretofore.

“ *Third.* That at the expiration of the year 1212, another settlement will be made with the same persons (if willing to engage, and they shall have conducted themselves to the satisfaction of government) for three years, at a fixed equal annual jumma, which jumma shall be formed upon a just and moderate consideration of the receipts in the year 1212 and former years.

(k) This exception to the general rule for a settlement of the land revenue with the actual proprietors of the soil, has been removed in the provinces of Bengal, Behar, and that part of Orissa which was subject to the British government before the cession of Cuttack and the Purgannahs of Pattaspore, Kummardichoux and Bograc, by Regulation VII, 1796, which Regulation has been extended to the zillah of Cuttack by Section XXXVI, of the present Regulation. Read the preamble to Regulation VII, 1796.

“ *Fourth.*

A. D. 1805. REGULATION XII.

" *Fourth. (l)* That at the expiration of the fourth year, a new settlement will be
" made with the same persons (if willing to engage, and they shall have conducted
" themselves to the satisfaction of government) for a further period of four years,
" at a fixed equal annual jumma, formed by adding to the annual rent of the prece-
" ding lease of three years, two-thirds of the net increase of revenue during any
" one year of that period.

" *Fifth. (m)* That at the end of the lease for four years (which will be in the
" Umlee year 1219,) a further settlement for the period of three years will be con-
" cluded with the persons in possession (if willing to engage, and they shall have
" conducted themselves to the satisfaction of government) at a jumma to be formed
" by adding to the annual rent of the preceding lease of four years, three-fourths
" of the net increase of revenue during any one year of that period.

" *Sixth. (n)* That at the end of these eleven years, which will be in 1222, a per-
" manent settlement will be concluded with the same persons (if willing to engage,
" and they have conducted themselves to the satisfaction of government, and if no
" others who have a better claim shall come forward) for such lands as may be in
" a sufficiently improved state of cultivation to warrant the measure on such terms
" as government shall deem fair and equitable.

" *Seventh.* The nankar lands of those zemindars, who may decline entering into
" engagements for their estates, as also of those whose offers may be rejected by
" government, will be subject to the payment of revenue equally with other lands
" in the district, but such zemindars shall for the present continue to receive in
" money an equivalent for what they have hitherto received as nankar from the
" Mahratta government.

" *Eighth.* That with respect to such zemindaries as may have been mortgaged
" or transferred in security, and possession thereof actually given to the mortgagees
" or securities, the settlement will be made with the person in possession of the land,
" as the temporary representative of the proprietor, leaving the latter to obtain pos-
" session, either by a private settlement of accounts, or by a judicial process.

" *Ninth.* That the settlement of such small talooks, or zemindaries, as may be
" only nominally included in large zemindaries, in the sudder jumma of which their

(m) The triennial settlement mentioned in this Clause, was not concluded : by Regulation I, 1813, one year's settlement (1220 Umlee or Willaitee) was made ; then another for two years (1221 and 1222, Umlee or Willaitee) agreeably to the principles stated in this Clause.

(n) A permanent settlement did not follow after the one mentioned in the preceding note, as by Regulation III, 1815, a further settlement of one year was ordered (1223 Umlee or Willaitee) and afterwards, by Regulation VI, 1816, a further one for three years (1224, 1225 and 1226, Umlee or Willaitee) on the same principles of the previous settlements.

“ jumma may be comprehended, will be made separately and distinctly, with the
 “ proprietors of such small estates, and they will be allowed to pay their revenue
 “ directly to the collector, or the person appointed by him to receive it, and in all
 “ cases where the revenue of a village has for upwards of five years-past, been paid
 “ direct to government by the hereditary mokuddum, the settlement for such village
 “ will be made with the hereditary mokuddum.

“ *Tenth.* That with respect to such lands as are without proprietors, or the pro-
 “ prietors on which decline entering into engagements, a village settlement shall be
 “ made, and a preference given to the hereditary mokuddums of those villages to
 “ which the lands belong, but no settlement is to be made with a mokuddum for
 “ lands not included in his mokuddam.

“ *Eleventh.* That in the event of neither proprietors, mokuddums, nor other res-

“ *Twelfth.* That all authorized abwaubs are to be consolidated and incorporated

“ *Thirteenth.* That all persons who may enter into engagements for the settle-

 “ description to their ryots and under-renters (o)

“ *Fourteenth.* That all persons who may enter into engagements with government,

“ *Fifteenth.* Several of the tributary rajahs have been accustomed to furnish
 “ guards and be responsible for all robberies committed within the Mogulbundy
 “ lands, bordering on their respective territories, and for which they have formerly
 “ been allowed to levy a tax called chowpunny, or mongum khandity; those rajahs
 “ are to continue to furnish the usual guards and be subject to the same responsibi-
 “ lity as heretofore, but instead of being permitted to levy the abovementioned tax,
 “ the said rajahs will, until further arrangements can be made, receive an equivalent
 “ in money from government.

“ tion, there cannot be a doubt that confidence in the protection of government will
“ be established amongst all ranks of people, that cultivation will be extended, and
“ that the general prosperity of this province will rapidly encrease.”

V. The rules, orders and declarations contained in the above proclamation, are hereby confirmed with the following qualifications and explanations. With the view of obviating any misconstruction of the rule to be adopted, in adding to the jumma a portion of the encreased produce, in concluding the settlements to be formed at the commencement of the Willaity years 1216 and 1220, (corresponding with the years 1216 and 1220 Umlee,) it is hereby declared in explanation of the third and fourth clauses of the proclamation issued on the 15th of September 1804; that the amount of the nankar, to which zemindars are or may be entitled under their original engagements for the first triennial settlement shall be deducted from the actual yearly produce of their estates at the time of the expiration of each lease, and that the actual encrease of public revenue to be assessed agreeably to the clauses above specified, shall be calculated on the amount of the difference between the actual net produce, after such deduction, and the annual amount of the former lease. It is at the same time provided, that the portion of the encreased produce, relinquished to the zemindars under the abovementioned clauses, on the formation of the successive settlements, shall be considered to preclude all claim, on the part of the zemindars to any further proportion of such encreased produce, on account of nankar, in addition to the deduction originally made and continued to them on this account.

VI. The lands of some zemindars, independent talookdars, and other actual proprietors of lands having been held khaus, or let in farm in consequence of their refusing to pay the assessment required from them under the proclamation inserted in Section III, of this Regulation, the Governor General in Council hereby notifies to the zemindars, independent talookdars, and other actual proprietors of land, whose lands are held khaus, that they shall be restored to the management of their lands upon their agreeing to the payment of the assessment which shall be required from them, in conformity to the prescribed rules for the settlement of the land revenue.

VII. In explanation of the provision contained in the 13th article of the above proclamation, it is hereby declared, that as a sufficient period of time will have elapsed during the first triennial settlement of the land revenue in the zillah of Cuttack, (which will expire with the Willaity year 1215,) to enable the proprietors and farmers of land to complete the adjustment, and delivery of pottahs for the whole of their lands in the mode prescribed, the expiration of the Willaity year 1215 is the period fixed for the general delivery of pottahs. VIII. Nothing contained in this Regulation shall be construed to authorize the resumption of the rents of any lands assigned under grants from the Rajah of Berar,

In like manner, the Governor General in Council, reserves to himself the power of determining, in cases of doubt, whether any officer of the Rajah of Berar who may have made, confirmed, or admitted grants of land exempt from the payment of revenue, in the name, or on the part of the Rajah, was competent to exercise such authority. The courts of judicature shall accordingly suspend their judgment in cases of the above nature, and report the circumstances for the decision of the Governor General in Council.

Courts to refer to the Governor General in Council, in the event of their entertaining doubts of the authority of any officer of government who may have subjected exempted lands granted before the 14th October 1803, to the payment of revenue.

Fourth. But no part of the three preceding clauses shall be construed to empower the courts to adjudge any person, not being the original grantee, entitled to hold land now paying revenue to government, exempt from the payment of revenue, under any grant made previously to the 14th day of October 1803, the writing for which may expressly specify it to have been given for the life of the grantee only, or supposing no such specification to have been made in writing, or the writing not to be forthcoming, or no writing to have been executed, where the grant, from the nature and denomination of it, shall be proved to be a life tenure only, according to the ancient usage of the country.

Exempted lands not exceeding ten begahs held under grants made prior to the 14th October 1803, and appropriated to the endowment of temples or other such purposes, not to be liable to assessment. Decision respecting lands so held exceeding ten begahs, reserved to the Governor General in Council.

But, upon the demise of the present possessor of any such grant, which may be adjudged not hereditary under this clause, if it shall appear that one or more successions, in virtue of whatever right, shall have taken place before the 14th day of October 1803, the lands shall not be subjected to the payment of revenue under the decree, without the sanction of the Governor General in Council, to whom a copy of the proceedings and decree of the court is to be transmitted, and to whom is reserved a power of declaring the lands subject to the payment of revenue, or not, as may appear to him proper.

Sixth. The present possessors of lands, held exempt from the payment of revenue, under all life grants declared by the preceding clause not to be hereditary, are prohibited from selling or otherwise transferring them, or mortgaging the revenue of them for a longer period than their own lives; and all such transfers and mortgages are declared illegal and void.

Seventh. Provided, however, that nothing herein contained shall authorize the subjecting to the payment of revenue, any quantity of land, not exceeding ten begahs, held exempt from the payment of revenue, under a grant made prior to the 14th day of October 1803, and bona fide appropriated, as an endowment for temples, or for other religious or charitable purposes. VII. It shall further be the duty of the darogahs of police to ascertain and fix, under the orders of the magistrates, the limits of the local authority of the kandytes or sirdar pykes, and of the inferior officers of police, attached to the said sirdars; so that every part of the province of Cuttack, whether consisting of lands paying revenue to government, or of lands exempt from the payment of revenue, may receive the protection of the subordinate officers of police, under the directions of the darogahs, and the general control of the magistrates.

VIII. Nothing contained in this Regulation shall be construed to exempt the zemindars, talookdars, farmers, and other holders of land, although they be not formally constituted officers of police, from the duty of affording every assistance in the prevention of breaches of the peace, and in the apprehension of public offenders; who are immediately to be delivered into the custody of the nearest officers of police.

IV. The jurisdiction of the zillah court of Cuttack shall not extend to the purgunnahs of Puttaspore, Kummardichour and Bograe, at present annexed to the zillah of Midnapore; provided however, that it shall be competent for the Governor General in Council, by an order in council, to make any alteration in the limits of the said zillah, which shall appear to him to be expedient.

THE jurisdiction of the criminal courts established at the French settlement of Chandernagore, and Dutch settlement of Chinsurah, before and since those settlements came into the possession of the British government, in the years 1793 and 1795, not extending to crimes of a capital nature; all charges of which description, against natives, were formerly tried by the fowjdar at Hooghly; and against Europeans, were referred for decision to Pondicherry or Batavia; and it appearing expedient that charges of murder, robbery, and other crimes of magnitude, committed within the limits of the above settlements, should be tried by the established tribunals of the country, in which charges of the same nature are tried in other parts of the British territory subject to this Presidency, under the Laws and Regulations which have been enacted, or which may be hereafter enacted, for the due administration of criminal justice; the Vice President in Council has accordingly made the following provisions for this purpose, to be in force as soon as promulgated.

II. The jurisdiction of the court of circuit for the division of Calcutta, and of the court of Nizamut Adawlut established at Calcutta, shall, under the provisions contained in this Regulation, extend over the settlements of Chandernagore and Chinsurah; including all places within the limits of those settlements, as possessed by the French and Dutch governments in the years 1793 and 1795.

III. First. In all matters cognizable by the court of circuit for the division of Calcutta, and by the court of Nizamut Adawlut, under this Regulation, those courts shall be guided in their proceedings and decisions by the Regulations which have been enacted, or which may be hereafter enacted, in conformity with the rules prescribed in Regulation XLI, 1793, for the administration of criminal justice, in the provinces of Bengal, Behar, and Orissa.

* This Regulation is not in force in consequence of the Settlements of Chandernagore and Chinsurah having been restored to the French and Dutch.

Jurisdiction of Calcutta court of circuit, and Nizamut Adawlut, extended to Chandernagore and Chinsurah.

A. D. 1805. REGULATION XVI.

Proviso, respecting offences committed before the promulgation of this Regulation.

Second. It is at the same time hereby provided, that no part of the existing Regulations, whereby the punishment of any offence is enhanced beyond the punishment of such offence, prescribed by the Mahomedan law, shall be considered applicable to any crime, committed within the settlement of Chandernagore or Chinsurah, as described in the preceding section, before the promulgation of this Regulation.

What law to govern the sentences of the court of circuit and Nizamut Adawlut in such cases.

Third. In all such cases, viz. whenever the crime charged shall appear to have been committed within the limits described in the preceding section, before the promulgation of this Regulation, the court of circuit and Nizamut Adawlut shall be guided by the Mahomedan law, as declared by the fatwahs of their law officers; and by such modifications of it, in favor of the prisoner, as have been made by any Regulation in force; except that the will of the heir of the slain shall not be allowed to operate in cases of murder; but the fatwah and sentence in such cases shall be given, without any reference to the heir of the slain, on a supposition that the legal demand for kisas has been met; as provided by Sections III and IV, Regulation IV, 1797.

Fourth. It is further hereby provided, that, if the offender be an European, or the descendant of an European, and be a settled inhabitant of Chandernagore or Chinsurah, and the punishment of the offence under the Mahomedan law, and the provisions of this Regulation would be more severe than the punishment of the same offence under the law in use when the settlement, in which it may be committed, came into the possession of the British government, the punishment to be adjudged against the prisoner shall be regulated by the law which was in use, when the settlement, wherein the offence shall have been committed, came into the possession of the British government.

WHEREAS inconvenience has been experienced in providing for the management of joint undivided estates, under the rules contained in Sections XXIII, XXIV and XXV, Regulation VIII, 1793, in consequence of the reluctance manifested generally by the proprietors to elect a manager as prescribed in those rules: and whereas it appears to be most conducive to the convenience of government, and most conformable to the wishes and sentiments of the proprietors themselves, that they should be left to manage their estates without any local interference on the part of the officers of government: and whereas any of the joint proprietors of such estates may at any time obtain a division and separation of their respective shares of the lands, whenever they may deem it conducive to their interests, to have recourse to that measure; the Vice President in Council has accordingly passed the following rules, to be in force from the time of their promulgation in the provinces of Bengal, Behar, and Orissa, including Cuttack.

II. Sections XXIII, XXIV and XXV, Regulation VIII, 1793, are hereby rescinded; and the proprietors of joint undivided estates shall in future be left to manage their estates in such manner as they may think most advisable, under the general Regulations, without any interference on the part of the collector or the Board of Revenue, (f) in the appointment of a manager for the collection of the revenues of the lands from the tenants, farmers, and others.

Sections XXIII, XXIV and XXV, Regulation VIII, 1793, rescinded; and proprietors of joint undivided estates left to manage them as they may think advisable under the general Regulations.

III. The estates of joint proprietors will of course be liable to be sold, as at present, for the recovery of any arrears which may at any time become due therefrom to government, and the proprietors themselves shall be considered jointly and severally responsible for the payment of the public revenue assessed upon such estates, should it at any time be necessary to have recourse to a sale of the separate property of any individual sharers, or to the confinement of their persons for the recovery of the arrears due from their estates to government.

Estates of such proprietors liable to be sold for arrears as at present, and the proprietors jointly and severally responsible for the revenue.

(f) Or the Commissioner in Behar and Benares appointed by Regulation I, 1816, for the province of Benares and that part of the province of Behar which is comprised in the zillahs of Behar, Shahabad, Sarun and Tirhoot.

Payments of revenue shall be carried to the account of the estate at large, and not to the account of any individual proprietor.

The guardians of proprietors of joint undivided estates who may be disqualified for the management of their own concerns, shall exercise the same powers as could be exercised by the proprietors, if qualified.

IV. The payments of revenue shall be carried to the account of the estate at large, and not to the account of any individual proprietor.

V. In cases in which one or more of the proprietors of a joint undivided estate may be minors, or may be otherwise disqualified for the management of their own concerns in consequence of natural defects or infirmities; the guardians of such persons, whether nominated by the will of their parents, or by the zillah judges under Regulation I, 1800, (g) shall superintend the interests of such disqualified persons, and shall exercise the same powers in the management of the estate of their wards as could be exercised by the proprietors themselves, were they qualified for the direction of their own affairs.
